

Americans for Democracy & Human Rights in Bahrain (ADHRB) and Freedom House present:

# Preventing the Next ISIS

*How the U.S. Can Work with Coalition Partners to Combat Extremism in the GCC*

During his December 2014 trip to Bahrain, Assistant Secretary of State Tom Malinowski noted that the most effective way for GCC coalition partners to fight ISIS and regional extremism is to focus on combating sectarianism and increase cooperation with citizens at home.

Please join ADHRB and Freedom House for a discussion of how the United States can further encourage its GCC allies to combat extremism through a respect for basic human rights.
