Argus[®] 4: Remote Receiver Kit and Remote Receiver Station

Introduction

The Argus[®] 4 Remote Receiver Station is a ready configured set of parts to allow reception of Wi-Fi transmissions from an Argus[®] 4 camera straight from the box.

The Argus[®] 4 Remote Receiver Kit is supplied with PC software to enable the user to view digital streaming video from an Argus[®] 4 Camera on to a PC of their choice.

Customers may also use other compatible media players to view the data stream if they wish.
