

# argus<sup>®</sup>

thermal imaging from e2v

## Argus<sup>®</sup> 4: USB Download Cable

### Introduction

Simply plug in the USB download cable to the Argus<sup>®</sup>4 and any computer that has the correct software to transfer Images and Videos.

The cable has a specially designed four pin connector that goes into the camera. At the other end of the cable is a standard USB connector that can fit into a PC or Laptop.

This cable allows the user to transfer images and videos with ease between camera and PC. However the PC must have the correct software that is provided as standard with each camera.

### Physical Data

- Total Length of cable: 2.19 m

### Order Code

- P7030PC
