

Data T-Cutter

Catalog # 45-074

Features

- Cuts round communication cables up to 0.5 inch (12.7mm) and coaxial cable up to RG-9/U
- Curved cutting blades maintain cable geometry for better cable performance
- Steel reinforced center conductors can be trimmed with bolt cutting holes
- Cushioned comfort grip handles
- Locking latch keeps tool closed in pouch

Data T-Cutter II

Catalog # 45-075

Features

- Cuts RG-58 and RG-6 coaxial cable
- Curved cutting blades maintain cable geometry for better cable performance
- Steel reinforced center conductors can be trimmed with bolt cutting holes
- Cushioned comfort grip handles
- Locking latch keeps tool closed in pouch

Catalog # 35-053

Features

- 750 KCMIL Ratcheting Cable Cutter is designed to cut 750 KCMIL (MCM) and smaller hard-drawn copper and aluminum cables
- Hardened steel blades ensure consistent cuts and long-term durability
- Rounded blade design minimizes cable distortion during cutting
- Quick release mechanism simplifies blade back-out
- Locking mechanism keeps handles closed for easy storage
- Molded-in foot provides stability and leverage when making multiple cuts

Replacement Parts

| Description | Cat. No. |
|---|------------------------|
| Replacement Moveable Blade for 35-053 Ratcheting Cable Cutter | 35-057 |

* Max Jaw Opening - 2 in.

** Not for cutting steel or ASCR

Round Wire & Cable Cutter

Catalog # 35-051

Features

- Cuts multiple conductor cable up to 0.5 inch (12.7mm) and solid or stranded wire up to #8 AWG (10mm)
- Curved cutting blades maintain cable geometry for better cable performance
- Built-in return spring, locking latch
- Soft handles for a comfortable grip
- Stamped, hardened steel frame

Center Conductor Cutter 3/16 Inch

Catalog # 35-060

Features

- Trims coax center conductor to perfect 3/16 inch length for proper installation into a dual crimp coax connector
- Produces sharp and accurate center conductor cut every time

Cable Cutter, for 2/0 and Smaller Cable

Catalog # 35-052

Features

- Drop-forged high carbon steel construction
- Precision ground, hardened cutting edges provide accurate cuts without cable distortion
- Designed for maximum leverage
- Cuts 2/0 and smaller aluminum and copper cables
- Vinyl coated, comfort-grip handles
- Lifetime guarantee

Serrated Cutter with Breaker Notch

Catalog # 45-344

Features

- Two-Step process significantly increase the life of this rugged tool
- Superior quality provides the super-hard edges need to stand up to today's demands
- Textured cushioned-grip handles

Electrician's Scissors w/Stripping Notch

Catalog # 35-088

Features

- For use in telephone and electrical service applications
- Cuts up to #16 AWG solid and #12 AWG stranded wire
- Stripping notches, serrated surface on back side of the blade, strips #19 AWG and #23 AWG wire
- Also available in kits

Electrician's Scissors

Catalog # 35-089

Features

- Designed for use in telephone and electrical service applications
- High carbon, cutlery grade steel blades
- Also available in kits

Cable Splicing Knife with Holder

Catalog # 35-091

Features

- High-carbon steel blade remains sharp and cuts easily through many insulation types
- Comfortable, full size, no slip handle for easy use
- Durable leather holder

Cable Splicing Kit

Catalog # 35-093

Features

- High-carbon steel blade Cable Splicing Knife
- Durable leather holder
