

PURE PASSION IS THE FOUNDATION OF GREAT COFFEE

A PERFECT ESPRESSO

This is how coffee will taste. The combination of freshly ground beans and high quality water. The perfect brewing and the right temperature make the taste lift to a higher level.

The PSL50ES offers an optimal brewing system for making the perfect cup of espresso. The machine gives a premium feel to many choices and guarantees a unique coffee experience every time.

THE ENVIRONMENT

The environment truly is our most precious possession – it is our home – and protecting and preserving it is everyone's responsibility. Our customers' appreciate that our ECO-friendly, intelligent power saving modes and energy-efficient software helps them to do their part in caring for our planet in their own office. Lower energy consumption also means a lower energy bill and lower overall operating costs, achieving an EVA EMP rating of A++.

INTUITIVE USER TOUCH

PSL50ES has a user interface that is simple and easy to use. Our touch screen users have the ability to customize their own drinks and choose from a variety of coffee favorites. For the true connoisseur, we offer the possibility to fine-tune their drinks.

You can easily manage and control the machine's hardware, stats, cleaning, maintenance, alerts and visual appearance. Match the interface's appearance after your decor or graphic profile.

We can help you to control the color of the icons, wallpaper, screen saver, logo and image for brewing. All settings are designed to allow the machine to be adapted to the location and user.
