AIM Industry Awards Presentation

2023

Clive Hohberger Technology Award

Created in 2018 to honor the lifetime contribution of Dr. Clive Hohberger, prolific inventor, and recognize the scientists, engineers, software developers, or systems integrators for outstanding contributions that have furthered the growth of the industry through important applications and new technological developments.

Clive Hohberger Technology Award Winner

2023 Winner

Dominique Guinard

DIGIMARC | 

The Digimarc logo consists of a stylized lowercase letter 'd' inside a circle, with a vertical line separating it from the word 'DIGIMARC'.

Richard Dilling Award

Since 1984, the Dilling Award is the highest award given in the Automatic Identification and Data Capture (AIDC) industry. Named for Richard R. Dilling, an industry pioneer and former Vice President of AIM, it is presented to executives, scientists, and engineers in recognition of outstanding contributions that have furthered the growth of the industry through important applications and new technological developments.
