**Yacht info:** First 40 Teknova has been used for testing, developing and marketing Albatross Sails.

Teknova has also been a test boat for Seldén Mast and Nexus Marine. This is the reason why Teknova is so well equipped.

The Beneteau dealer of Sweden has used Teknova for boat-shows, latest in "Gustavsbergs boat-show" in September 2013, confirming the good condition of the yacht. Teknova were delivered by Normar Yachts A/S in March 2010.

She has got a racing bottom job including optimising of keel and rudder.

Epoxy and antifouling spray painted below water line. Top sides wrapped in protection film. Wrapping was remade 2012.

Standard deck hardware were changed to Seldén System 30 Performance including tracks.

Teknova were fitted out with Seldén hydraulic twin panels backstay system.

New cored hatches. Sea beds were added in aft cabins.

Too many details have been optimised to be listed here.

Note that all standard interior and structural construction of Teknova is intact as per the standard set-up from Beneteau.

Teknova has all of the cruising gears delivered with the boat fitted and they are included in all racing certificates!

Teknova has never been used for cruising sailing but have all the gears for cruising.

Teknova has always been professionally maintained to the highest level.

Teknova has never had any major damages.
