

**Experience a whole new
dimension of care and support**

ABOUT US

We are a local home care provider delivering personalised care and support for you or your loved ones when you need it in the comfort of your own home. At Alicelyn, our client is put at the heart of the care they receive. We make sure they get the care in the manner they want and at a time when they want to have it delivered.

We focus on you or your loved one's needs and we take our time to learn of your personality and interests through our assessments with you and the one's around you. This allows you and your family to be in control of the care you deserve in the comfort of your home.

LIVE-IN CARE

Alicelyn Health Care 24-hour live-in care service, your healthcare assistant or live-in carer will move into your home with you to provide a bespoke care service, supporting you to remain independent in the comfort of your own home. Whether you have complex care needs or just require some support in performing day-to-day home activities, our live-in care will provide you with services tailored to meet your needs.

Alicelyn Health Care live-in care provides you a flexible care service, accommodating your routine, daily meal preparation, cleaning, medication administration, and bespoke needs, as well as adapting to your changing circumstances.

Rest assured knowing that you have a professionally experienced and compassionate person in the house who can assist you in any case of unanticipated need or emergency.

Personal Care

We provide discreet and sensitive personal care such as bathing, dressing, shaving, and continence.

Complex care

We support more complex conditions such as dementia care, Parkinson's care, and post-stroke care.

Companionship

We match you with a Carer that has similar interests and personality with you to ensure that life becomes interesting and enjoyable.

Managing Medication

Our Carers are trained in Medication management and will prompt you to take medication. They can also make medical appointments or accompany you to health professionals.

Assistance with safe mobility

We make sure that your home is safe to improve mobility and movement whilst minimising falls.

Domestic tasks and Cooking

Our Carer will cook for/ with you nutritious meals that suit your dietary needs. They will also help you keep your home tidy by cleaning it.

Our Other Services

Domiciliary care

Our domiciliary care services offer care and support in your home by a professional Carer working to an agreed care plan. Your carer may visit you once per day or several times, each visit may vary from 30mins to many hours depending on your needs. It can be short-term that is you might need assistance after hospital admission or long-term if you need continuous support.

You are at the centre of your care and you are in charge of the care and support you receive. We ensure you have full control and can make informed choices. It is our priority to deliver our services in the context of the life you or your family chooses. We recognise the importance of family members and friends so we welcome their contribution to the care planning process.

Complex care

We provide specialist complex care when you or your loved one has life-limiting or long-term conditions.

Alicelyn healthcare provides fully managed clinical care and support to you, or you are loved when suffering from substantial and ongoing healthcare needs resulting from chronic illness, disabilities, or following hospital treatment.

Our carers are equipped to meet your needs if you have conditions which include:

- Brain injury
- Epilepsy
- Stroke
- Bowel management
- Neurological conditions
- Cancer
- Tracheostomy
- Ventilation
- Gastronomy care

End of life care

Our end of life care services aim to ease the burden and increase comfort when one is diagnosed with an incurable disease. We work alongside other healthcare professionals to try and make it achievable.

Our end of life Carers are trained to deliver the support needed in the face of a terminal illness. The services we provide, be it an extra pair of hands or more complex care aim is to accommodate your or your loved one's wishes to feel safe, comfortable, and care for. We cater to your physical and mental health needs and are also trained to assist with the specific needs of different ailments.

Respite care

It is a very fulfilling experience to care for a loved one. However, it can be hard work and it is also important to look after yourself. Research state that providing long-term care can also be stressful. Alicelyn services respite care allows the primary caregiver a much-needed and deserved break. Allowing them the time to recharge their batteries.

Companionship

We offer dedicated support and care from a passionate and trusted Carer. Our companionship services involve getting help in your home or having a confidant and friend for vacations or just a cup of tea. We tailor our companionship services to suit your needs.

We match you with a carer that has similar interests and personalities for the two of you to create a genuine bond. Your Carer/ companion will help you with hobbies, attending social events, running errands, or just showing up for a cup of tea. Our companionship services are aimed at curbing the adverse effects of loneliness.
