**A FINAL. WORD. FROM SPONGE**

Though da HACKS are real and true, please remember that this is for entertainment and some of the gubbins included should not be copied unless you want to be sick or die. Personally, I don't care, it's your responsibility to use common sense, not mine! If you need a safety or Trigger Warning on every product, packet or hot drink you buy, you probably deserve what's coming to you and you won't live as long as you would like. Think before copying anything and be sensible, safe and for Gawds sake use some common sense. If you don't, it's your fault, so don't come running Boo-Hoo'in' to me.
