## FINAL WORD FROM SPONGE

'Allo ladies, gentlemen and those of you who are yet to decide. Here's the long and short of it.

I'd like to fank 'Dazzer Fury Ward', the hardest man in Sarfampton, who made me the character I am today. Top Geezer.

Also, Fanks to the 'Cheese'n'Kisses' (Missus) for knowing the difference between a Gangster and a Hamster! She's dead smart!

Now cop this: These HACKS are real and true... Well mostly! Please remember that this is your entertainment. As a rule of thumb, think before copying anything and if you don't, it's your fault... Don't come running to me cryin' into your wet blanket.

Now, some of the gubbinz included should not be copied unless you want to be sick or die. Personally, I don't care, it's your responsibility to use common sense. If you need a warning on every packet or hot drink you buy, you probably won't live as long as you would like.

And finally, my missus laughed when I said I still had the body of an 18-year-old... Until she checked the freezer! - Go on, have laugh, you're a long time dead.

Ta Ta - Fa Now!

SPONGE
