

2018

Associated Printers Ltd  
Since 1964

# Introduction

We are a well-established, Zambian, pre-press , press Company.  
Registered in 1964

# Our Bankers & Auditors

Our financial status is sound and can be verified with our Bankers and Auditors:

## ABSA ZAMBIA

Longacre's Main  
Lusaka, Zambia

## BDO

P.O. Box 35139  
Lusaka

# Our Mission Statement

We stand for

**QUALITY, SERVICE & INTEGRITY.**

Our credo is driven by Team Work and the desire to exceed our customers' expectations.

# Pre-Press Printing

The revolution in full-colour printing technology offers the customer Value, stunning Quality and Speed.

Computer To Plate (CTP) imaging technology is used in our modern printing processes. With this technology, we produce an image created in Desktop Publishing (DTP) application directly to a printing plate.

# Graphic Design

We have our own, competent, in-house graphic designers. We also have contractual relationships with design houses, advertising agencies and freelance artists and designers.

# We produce a wide range of: Business Stationery Books

Tape Bound & 1/4 Bound

# Magazines

Wire Bound, Spiral Bound & Saddle Stitching

# Calendars

Wall Calendars & Desk Calendars

# Annual Reports

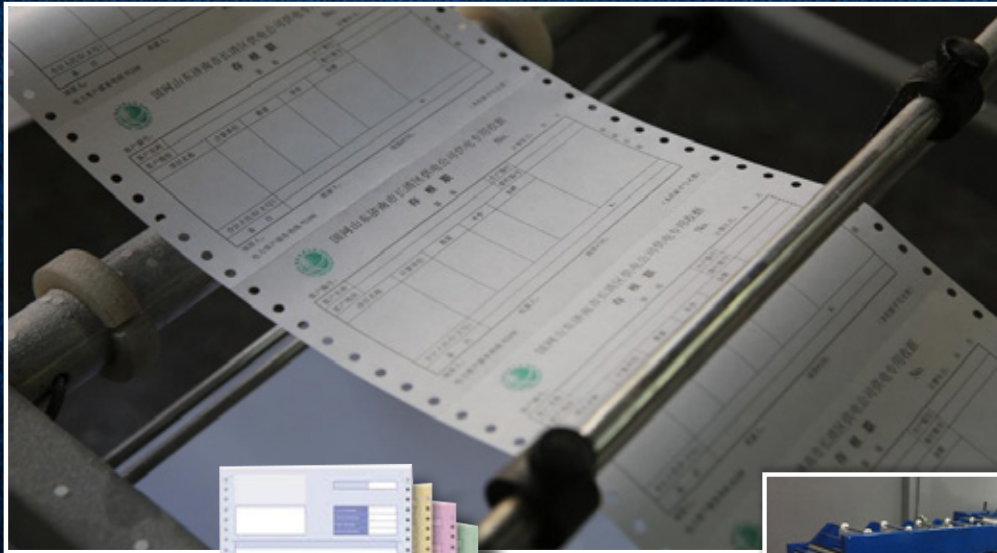

## Perfect Bound

# Pre Printed Computer Stationery

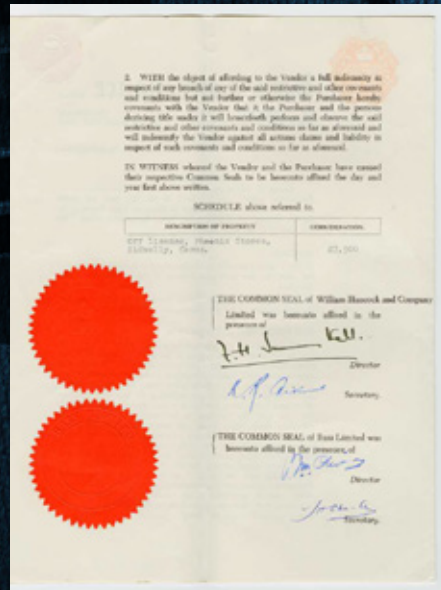

Billing Statements, Invoices, Quotations, Receipts, Payslips

# UV Light Security, Seals & Emblems

Ultra-violet (UV) inks let passport and card issuers embed strong security features into the identity document itself. UV printing is considered a Level 2 - or covert security feature - because the images are not visible to the naked eye. Instead, they only emerge when a UV light source is present.

# Flyers, Brochures

## A2 to A6 Flyers, DL ,Twofold & Trifold Brochures
