ARNHEM SIDECAR TOURS (AST)

Arnhem Sidecar Tours is a tour operator that provides tours in and around Arnhem with a classic motorcycle with sidecar. Participation is at one's own risk and one has to follow the instructions given by the driver / tour guide.

TOURS

The booked tour. AST has a number of standard tours in the range from which can be chosen. The specified duration and length of the tour is indicative. This can be longer or shorter, depending on what we encounter on the way, the conversations we have and maybe because we suddenly feel like taking a longer break along the way.

URAL M63 SIDECAR

Our Russian means of transport during the tour It is more than half a century old, but completely restored and has room for 3 people. At the front is the driver and also your tour guide. For the guests there is 1 place in the sidecar and 1 place on the hovering saddle at the back. During a tour there is the possibility to change between the place in the sidecar and the saddle at the back. It is not possible to drive the motorcycle yourself. Renting without a driver is also not possible.

CANCEL

In case of cancellation of a booked tour, up to 48 hours in advance, we will reimburse 100% of the costs paid (excluding any transaction costs). Between 48 and 24 hours, we will reimburse 50% of the costs paid (excluding any transaction fees). For cancellations less than 24 hours before the start of the tour, no refund will be possible. Exceptions are predicted persistent rain or extreme weather conditions such as snow or ice.

WEATHER

In case of predicted persistent rain or extreme weather conditions, there are 3 options:

- We plan a new time on another day. Hope the weather is better then!
- We decide to go anyway! After all, you have packed your raincoat!
- Cancel. Unfortunately, we cancel and the party is off. We reimburse 100% of the costs paid (excluding any transaction costs).

MEANS OF TRANSPORT

Our means of transport is an oldtimer from 1970. Although it has been completely rebuilt, it remains old technology and it is (despite the renewed electronic ignition) less reliable than modern technology. But that is of course also the charm of the vehicle and the different tours! In exceptional cases it can happen that a tour can't start because the technology leaves us in the lurch. In that case we will reimburse 100% of the costs paid. If during the tour there is a technical defect that prevents us from continuing the tour, AST will provide (replacement) transportation to the end point. In that case it is not possible to continue the tour and reimbursed 100% of the costs.

START AND END POINT

Start and end point for all tours is our pick-up point, the Jacob Groenewoud Plantsoen, next to the intersection Kadestraat/ Nieuwe Kade. In consultation it is possible to choose another start or end point.

WHAT TO BRING

We take care of the helmets and gloves. The helmets and gloves have been disinfected by us in advance and we have helmet caps for you to use.

Bring your own: booking email, a jacket, mouth cap, photo camera and in summertime your sunglasses and of course sunscreen.

AVG / GDPR

We use your personal information you have provided through our site to book the tour to tune everything about the tour. For this purpose we will keep your details for a maximum of 2 months after the tour you have booked / passing on your details.

You can at any time request our privacy statement, request your information or submit a request to be forgotten.
