

ASAC TRIAL

Scandinavian Livermet Study

NEWSLETTER

-December 2018

Inclusion

We are now very close to have reached **100 included patients** the first year!

We hope the increasing inclusion rate will continue in 2019. Our goal is that all sites include at least one patient every week. For low volume centers, hopefully every second week should be possible. This is important to be able to recruit the planned 800 patients within 3 years.

Come to Lofoten!

From the 6th to 9th of March 2019 the 2nd North Sea HPB Symposium will be held in beautiful Svolvær, Lofoten.

The ambition is to promote research networks and collaboration in the field of liver-, bile duct- and pancreatic surgery. If you want more information, contact: anjkok@ous-hf.no.

Web/Facebook/Twitter

The trial webpage asac.no is updated continuously. Please follow the study on Facebook and Twitter. Search for ASAC/ ASAC trial and add us.

We would like to wish you all a Merry Christmas and a Happy New Year!
