ASEA REDOX™ Performance

Energy

Performance that's Powered by Redox™

Take on your next big challenge with our ASEA REDOX™ Performance products and achieve more than ever before. Leveraging decades of redox research, ASEA has developed ASEA REDOX™ Performance Energy to target the sources of your fatigue and give you more energy to help combat occasional physical fatigue. Unique mixes of vitamins, minerals, and time-tested plants all come together to support performance.

Do not exceed the daily recommended portion. Food supplements shall not be used as a substitute for a varied and balanced diet and a healthy lifestyle.

We power potential™

Fight fatigue with sustained energy

Don't let day-to-day stress drag you down. You get good sleep, try to eat right, and exercise, but sometimes you still feel like you could use a little extra help getting through your day.

ASEA REDOX™ Performance Energy leverages select Powered by Redox™ ingredients to provide a long-lasting source of sustained energy you can count on—whether it's home, work, or everything in between.

Tap into ASEA REDOX™ Performance Energy

We're all looking for a reliable source of energy to get us through the day— something to power our innate potential to feel our best. But it can seem challenging to find a product that delivers results without the negative impacts or short-term energy boost many other energy products have. Luckily, ASEA REDOX™ Performance Energy is your new go-to, good-for-you source of sustained energy. It's not just about increasing your output, but actually generating and maintaining more energy in your body.

More balanced energy

- Vitamin B12 contributes to the reduction of tiredness and fatigue.
- Niacin and Vitamin B12 contribute to normal functioning of the nervous system.
- Vitamin B12 contributes to normal red blood cell formation and has a role in the process of cell division.

Ingredients that support sustained performance

ASEA REDOX™ Performance Energy's unique mixes of Powered by Redox™ ingredients ignite good-for-you energy resources that deliver a sustained physical boost.

Proprietary ASEA REDOX™ Performance Energy mix

- Natural Guarana - Guarana can provide the energy you need to be alert while supporting your body's energy balance. See improved alertness with this natural source of caffeine. Less caffeine than a cup of coffee.
- L-Theanine - L-theanine is an amino acid which has been shown to improve your focus and boost your mood.
- Vitamin B3 - Supports your body's natural energy levels.
- L-Carnitine - is an amino acid which is similar to vitamin structure and can support an increase in energy release.
- L-Arginine - is a semi-essential amino acid which can be produced by the human body and can support an increase in energy release.

Supporting Energy mix

- Ginseng extract - Combats oxidative stress which boosts cognitive energy output.
- Vitamin B3, B6, B12 - Supports your body's natural energy levels.

Feel good about feeling good

ASEA REDOX™ Performance products have been developed based on redox principles, so we don't have to rely on additional additives. Instead, we leverage unique ingredient mixes that help your body's performance.
