- For the above-mentioned semester, I apply for a refund of the student body fee (12.00 EUR) due to exceptional hardship. I have attached an informal justification together with proofs.

The basis for the reimbursement of contributions is the contribution regulations of the student body of the Europa Universität Flensburg. I have read the contribution regulations of the student body and am aware that the AStA can only process and refund complete applications. Without the required evidence, the AStA must reject the application. I am aware of the deadlines stated in the contribution regulations: The application must be submitted up to 4 weeks after the start of lectures. A refund will be made no earlier than four weeks after the application has been submitted.
