

## NUTANA PARK FOOTWEAR REQUIREMENTS

Nutana Baseball Park received a major renovation in 2019. The park looks great and we at Baseball Saskatoon want to ensure that the park remains that way for many years to come for the upcoming players.

As part of our plan, we have placed requirements on footwear worn on our artificial turf field (Nutana #1):

- Molded & metal (15U & above) cleats may be worn on the infields and outfields of all diamonds at Nutana Park.
- Only running shoes or turf shoes may be worn on the portable pitcher's mound on the artificial turf field (Nutana #1).

Molded cleats allowed on all infields and outfields, not allowed on portable pitching mound, example:

**Molded**

Metal cleats allowed on all infields & outfields, not allowed on portable pitching mound, example:

**Metal**

Running shoes allowed on portable pitching mound example:

Turf shoes allowed on portable pitching mound example:

**Turf**

Thank you for your cooperation!
