ABOUT US

In 2020, the Babo family started their own street food concept in Vienna with the aim of enriching Vienna's gastronomy. After intensive research and exchanges with chefs, they opened their first branch in Meidling in December 2020. Due to positive customer feedback, the company decided to expand its business by opening a second branch in Döbling in January 2022. This success was followed by the impressive opening of their flagship store on the famous Mariahilferstraße in December, which offers customers a cozy dining experience both indoors and outdoors.

From the beginning, the Babo family has placed great emphasis on quality, regional and fresh ingredients as well as homemade sauces to ensure their customers' satisfaction.
