§ The group cannot dispose of funds independently. If necessary, it will be agreed in each individual case in advance with the board of the Foreningen Bispeparkens Havegruppe. (The Afdelings-Møde in 2019 has approved DKK 22,000 for the Garden Group's purchase and construction of a greenhouse with plexiglass (for safety reasons – poly-carbonates preferred because of less fire-hazard aot.) on its own area (Garden-Hose-area) - in accordance with applicable building regulations etc., which must be applied for on forehand etc.)
