

Valid consent to be signed and returned before the start of the project

A project can, among other things, include an evaluation of how the house, its location and age contribute to the residents'/those staying indoors' energy level. And how the house, the location and age of the house can potentially contribute to raising the energy level of the residents/those staying indoors.

Therefore, anyone involved in the project is requested to send the information below, sign this consent form individually and return it to the Data Controller of QiCurious: Bonna@QiCurious.com. You have choice and control over how your data is used.

"I voluntarily declare that my personal data below will be processed/may be used in the project:

- All the below.....
 - Your name.....
 - Your email
 - For project-related communication, i.e., content and reminders
 - Your date of birth
 - Your address
 - A lock of your hair.....

And, that your e-mail may be used for:

- To participate in questionnaire surveys, e.g., *
for the development of the interior design profession.....
- Information about discount campaigns, new services, or products".....
- That information may be used in anonymized form for marketing"

If you want us to send your personal data outside the EEA/EU, we must inform you of any risks, which are taken at your own risk.

You can withdraw your consent at any time. Your possible revocation of your personal data concerns our future processing of your personal data.

Storage of your personal data, checked in this declaration of consent, is deleted after the period of legal obligation has ended cf. QiCurious' GDPR and Cookies Policy.

The parts of any ongoing project process that depend on deleted personal data are terminated
