ROE BUCK HUNTING IN GERMANY

Roe buck hunting takes place in several areas across the belt in Germany where roe bucks live.

The hunt begins when the buck has shed its winter coat. This can vary from year to year, but generally from early June to the end of August.

We only harvest mature and abnormal bucks. There will always be a guide present during the roe buck hunt.

Hunting is primarily from a stand, but you should always bring a shooting stick in case stalking becomes necessary.

PRICE FROM
€ 4.500

The price includes

- 3 days of hunting
- 1 mature roe buck

The hunt ends once the roe buck has been harvested

Not included in the price

- Wounded animal (additional shot) costs €100
