Relevant experience

Hike One

2022 - 2023

UX designer

Assigned at clients like Marktplaats and Liberty Global. Worked on the rebranding of Hike One and was involved in several smaller internal and client projects.

Marktplaats (via Hike One)

Responsible for redesigning the website architecture for Marktplaats zakelijk with the goal to increase the conversion of sign-ups.

Liberty Global (via Hike One)

Part of the Horizon design team. Worked on several features of the Ziggo box TV app.

Somnox

2019 - 2022

UX designer & visual designer

In-house designer. Responsible for designing Somnox's brand and product experiences.

Dental robotics (Internship)

2017

Industrial designer & UX researcher

Responsible for conducting user research on their physical product and developed interactive, functional prototypes for testing.

Studio Jinbu

2016 - present

Owner

Studio Jinbu is a part-time design studio. I help small businesses with their branding and website design projects, helping them to build their brand.
