To whom it may concern

We are very satisfied with Claudia as our Corporate Nutrition Consultant. In a very professional and thorough way she is helping us to make sure that all foods and drinks served in our canteen or available in our conference rooms are healthy and sustainable.

Her extensive knowledge in nutrition and the organic food market allows her to look beyond labels and to only recommend suppliers and products that are truly healthy and sustainable.

She is closely collaborating with our cooks to make sure the meals are well-balanced and teaches them new methods, such as fermenting vegetables or making kefir.

Claudia is pro-actively coming up with additional ideas, such as conferences and workshops for the employees or a bio basket depot. She is very reliable and committed to her mission.

We definitely recommend her.

Yours sincerely,

Gilles Martin
