# CAN I ASK YOU A QUESTION?

## IS THIS YOU?

Are you ready to move to the next level in your career but you lack the confidence or the “know-how” to get where you want to be?

Do you sometimes feel as if circumstances, outside forces and obstacles are standing in the way of your dreams?

Are you bored and feeling stuck in your current job and does it seem that every day is just more of the same thing with no tangible progress?

Or perhaps you want to re-enter the workforce after a long break.

Do you have a dream for your career but you don't know where to start?

## IS THIS YOU?

- You are a dedicated hard worker but you are not earning the commensurate financial reward.
- You are tired of seeing people less experienced and less qualified than you rising effortlessly through the ranks.
- You are tired of applying for jobs and promotions but making no headway.
- You want to excel and get promotions and recognition in the workplace.
- You want to find a way to take advantage of opportunities at work without sacrificing your home and family commitments.
- You struggle to fit into your work culture and would like to get comfortable in any marketplace setting.
- You have tried networking and upgrading your qualifications and following all the usual advice but can't seem to make it work for you
- You know that you are meant to be more, have more and do more but you are not sure you have what it takes to get what you want.

## TRUST ME , I'VE BEEN THERE...

*"When you are ready to move to the next level, it won't be easy. It is a period where you have to strengthen your foundations as well as stretch and grow. The key is to surround yourself with the right people, information and systems."*

# IMAGINE...

## YOU NO LONGER HAVE TO

- stand by and watch your mates overtake you.

- go around in circles trying to follow advice that doesn't work for you.

# WHAT IF?...

## YOU ARE FINALLY...

- working in your dream job
- more respected and recognised at work.
- in demand and head-hunted for top jobs.
- accepted by colleagues as a valuable part of the team
- paid what you are worth
- confident enough to go for and get any job or position you want
