

<p><b>5. Iain Denvir: NHSFV</b></p>	<p><b>Buurtzorg Model:</b> Iain Denvir who has been seconded by Stirling Council to the Neighbourhood Care Team as Resource Worker, gave a presentation on the Buurtzorg Model of healthcare, which has received the Scottish Social Services Council Award, and is being piloted in NHSFV Rural South-West. The model, which originated in the Netherlands, is recognised by the World Health Organisation and where appropriate, focuses on helping the individual understand and better manage their condition at home, with recourse to formal teams where necessary. As studies have revealed that people requiring care prefer to have known faces around them, the aim is to have one person visiting, if that person can cover all needs. The original model was created through dissatisfaction at red tape hampering progress, and as such it is semi-autonomous and self-organising, with no designated manager, and staffed by persons who choose to give of their time, including healthcare professionals. Examples of success in the Strathendrick district were given. Appeal was made for volunteers to join the Community Reference Group, which contributes to the working of the model and meets every two months, with email support from Mr Denvir available at any time. Next meeting will be at 1.30pm on 13<sup>th</sup> May at Strathendrick Care Home. A. Boa agreed to join. Buchlyvie Medical Centre will accommodate the project, request was made that the under-used rooms at Aberfoyle Surgery might also be considered for use.</p>	
<p><b>6. Broadband</b></p>	<p>A survey will take place in Stronachlachar in the near future. Grants are available to support supply of 2megabytes or less. TG will add details to minutes and distribute.</p>	<p>TG</p>
<p><b>7. Kinlochard Vision Plan</b></p>	<p>Following receipt of all comments, a briefing plan and Executive Summary have been put together, and approval was sought from the Community Council, who wholly endorsed the project. The National Park have responded positively to the Kinlochard Vision Plan, and inclusion in the Rural Development framework is hoped for. A meeting with the Park will take place tomorrow to seek advice on procedure as regards the second half of the Plan, addressing contact with businesses and landowners, as timescale prevented this being included in the process at the outset. Care will be taken to ensure that all stakeholders, including Stirling Council, Local Councillors, Rural Stirling Housing, Housing Scotland, MP, MSP and Delegated Planning Officers are approached and appraised of details. It was agreed that JK and LM will send information accordingly, and request confirmation of receipt. Proposed by JQ, seconded by AG and approved unanimously.</p>	<p>JK. LM</p>

<p><b>8. Treasurer:</b></p>	<p><b>General Fund</b> stands at £7400, <b>Christmas Fund</b> stands at £209, <b>Phone Directory Fund</b> stands at £5000. It was noted that the National Park had provided funding for the publication of the phone directory in 2010. SS will call to clarify position. It is not known if any contributors have paid for advertising in advance. MF asked for consideration to be given to the fact that residents in other areas who have provided information for the book will have expectations of its publication, and should be contacted. Following query, it was clarified that third parties will not be given the funds hitherto earmarked for this project, should they decide to shoulder the responsibility of taking it forward.</p> <p><b>Community Pride Grant:</b> A grant will be applied for to fund the Christmas Dinner. LM will book the Rob Roy.</p>	<p>SS</p> <p>LM</p>
<p><b>9. Planning</b></p>	<p><b>Aberfoyle Farm:</b> Erection of agricultural building. <b>FCS:</b> Notification of construction of 570m track at West Glenberva. <b>Avon Dhub Falls:</b> Approved. <b>Craigfoot Terrace:</b> Approved. <b>32 Queens Crescent:</b> Withdrawn. <b>Altskeith:</b> Discussions ongoing with Stirling Council and architects. <b>Planning Democracy Conference:</b> JK will attend this event on 9<sup>th</sup> May.</p>	
<p><b>10. S. C. Issues &amp; Councillors Report</b></p>	<p><b>Manse Rd Bridge:</b> Cllr McDonald was asked to investigate weight limit on Manse Rd Bridge. It was noted that contractors bringing Exceptional Traffic to the area must notify Stirling Council. Stirling Council discontinued the practice of referring road repair costs to such companies, a practice which is continued by Scottish Water, and managed on their behalf by Bell Ingram. <b>Aberfoyle Surgery:</b> Whilst it was acknowledged that progress has been made, Cllr McDonald was asked to keep up pressure regarding the surgery, as NHSFV have failed thus far to be responsive to Community Councils. <b>Flood Works:</b> Cllr McDonald was asked to enquire if there will be a zone change following flood defence works. <b>Guyana:</b> The site at Guyana is important to Aberfoyle, Cllr McDonald was asked to seek clarification on whether development with appropriate flood measures such as stilts would be considered, or if a definite refusal would be given. It was noted that 90% funding is available from the Land Fund for community buy-outs. <b>Lynx:</b> Cllr McDonald will write to ascertain the Local Authority's position on reintroduction of the lynx. <b>Your Stirling You Decide:</b> MF reported that public voting on bids assessed will be held on 20<sup>th</sup>-24<sup>th</sup> May.</p>	<p>Cllr McD</p> <p>Cllr McD</p> <p>Cllr McD</p> <p>Cllr McD</p> <p>Cllr McD</p>
<p><b>11. Reports</b></p>	<p><b>Police:</b> Report provided..</p>	

<b>12. AOCB</b>	<b>Heart 200:</b> No notification has been received for this event, which will pass through Aberfoyle en route to Blairgowrie. It was thought that such events work against effort taken to encourage visitors to stay more than one night. <b>Stronachlachar Stores:</b> A meeting with developers confirmed that plans for 10 properties will be submitted. <b>Scottish Power Energy Network:</b> Visual distractions are to be used behind the Pier Café to focus attention down the loch and away from pylons, as there is too much rock to bury cables. A 2-year maintenance commitment from SSE is unlikely to fill
-----------------	---

	requirements, it was thought that this issue may delay the project which at present is scheduled to submit a bid this year, with completion in 2021. Suggestion was made to access funds from OFGEM to do similar with pylons at the aqueduct. <b>Website:</b> It was agreed that a group photo for the Community Council website will be taken at the AGM.
