Overview

The preamble

The conference is a prestigious gathering designed to unite professionals, experts, and leaders in the human resources and training field from Arab and European countries.

Initially

The conference discusses new and emerging topics that align with global advancements in the field, such as artificial intelligence and its effects.

The conference offers a significant platform for exchanging knowledge, networking, and fostering collaboration in the realm of human resources and training.

Participants can enhance their knowledge and understanding of key topics through interactive workshops and discussions, enabling them to apply this knowledge to their daily work.

Broadening knowledge

The conference provides a distinctive chance to explore prominent institutions in Madrid that employ sophisticated systems in human resources management and training. These visits offer valuable insights and hands-on experiences to participants, enabling them to boost their organizations' performance and enhance their strategies in the field.

Innovative visits

Unique presence

The conference will feature a notable presence of ambassadors and officials from Arab and European countries, along with international experts, fostering professional communication and international dialogue.

Award for Excellence

The conference arranges the presentation of excellence awards to exceptional human resources departments that uphold quality standards and attain remarkable results in human resources management.

This accolade is a significant chance to acknowledge outstanding performance and promote creativity and guidance in the realm of human resources.

A crucial opportunity

The conference presents a vital opportunity for participants to leverage experiences and expertise, exchange knowledge in human resources and training, and establish professional networks to enhance their institutions and excel in human resources management through innovation.

Conference goals

- Facilitating the exchange of experiences between Arab and European HR managers regarding the latest developments and issues in the field of HR.
- Share updates on developments in the field of human resources and its new trends.
- Facilitate professional collaborations and offer networking opportunities for HR professionals.
- Promote the utilization of artificial intelligence in human resources and training.
- Review of the most recent technologies and applications for Human Resource Management (HRM) Software.
- Recognizing outstanding professionals in the field of human resources management through the bestowal of institutional excellence accolades.

Essential components of the conference

WORKSHOPS AND PAPER PRESENTATIONS

Engagement in interactive workshops and scholarly articles centered on diverse human resources subjects.

PROFESSIONAL NETWORKING AND BUILDING PARTNERSHIPS

Networking is essential for establishing professional connections and investigating possible partnerships.

CORPORATE ACHIEVEMENT AWARDS CEREMONY

To acknowledge and celebrate HR and training departments that meet the award criteria and showcase outstanding accomplishments.

SITE VISITS

Visit prominent establishments in Madrid that employ sophisticated HR and training systems to acquire practical insights.

OFFICIAL PRESENCE OF ARAB AND EUROPEAN AMBASSADORS AND DIGNITARIES.

High-level representatives from governments, diplomatic missions, and the private sector attended, fostering collaborative cultural and international dialogue.
