LITTLE SWAN LAKE

From 4 years / Family performance

About learning to fly, floating on a silver lake and taking new steps for flocks of birds

Instead of the gracious swans we might be expecting to see in the classical ballet, three curious figures appear on stage. Ready to spread their wings, dance on a silver lake and figure out the right steps for birds in formation.

Claire Parsons Co.'s **Little Swan Lake** was commissioned by the Royal Dramatic Theatre in Stockholm. Since its premiere in 2018, **Little Swan Lake** has become an audience favourite and a critical success.
