DUST

From 6 years / Family performance

Dance, mime and acrobatics intertwine in a performance about dreams, memories and parallel realities

DUST is a fictional tale in a playful mix of memory and tactility, magical realism, soft circus and acrobatics, in an upside and sometimes sideways viewed space. Three performers travel through a world where something has happened; objects move and music dances in an adventure that transfers in delightfully strange and wondrous ways.

Premiere year: 2023
International touring: 2025–2027

Claire Parsons Co. tours nationally and internationally. For bookings, please contact us.
