

Product Overview

For use in industrial dishwashers. Rinse Aid ensures sparkling, streak-free dishes by enhancing drying performance and preventing watermarks.

Key Features

- **Streak-free and Spot-free Finish:** Specially formulated to prevent water spots and streaks on glassware, dishes, and utensils.
- **Quick Drying Performance:** Enhances drying speed by reducing the surface tension of water, allowing it to run off easily and minimizing the need for manual or air drying.
- **Hard-Water Compatible:** Helps prevent mineral buildup, ensuring reliable results across various water conditions.
- **Safe for High-Temperature Commercial Dishwashers:** Designed to withstand high heat without breaking down and works seamlessly with automatic dosing systems.

Directions For Use

Always follow the machine manufacturer's instructions. For use in commercial and industrial dishwashing machines with automatic dosing systems. Dispense during the final rinse cycle at a rate of 0.2–0.5 ml per litre of hot water, depending on local water conditions and load size. Ensure the rinse aid reservoir is clean and regularly refilled. For optimum performance and a sparkling, streak-free finish, use in conjunction with Cleanux Automatic Dishwasher Detergent. Do not mix with other cleaning agents.

Safety & Handling

WARNING
