

SAFETY DATA SHEET

LEMON FLOOR GEL

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Product name Lemon Floor Gel

Product number LFGCLE045

1.2. Relevant identified uses of the substance or mixture and uses advised against

Identified uses Floor & Hard Surface Cleaner, Detergent. For professional use only.

Uses advised against Not for oral consumption, use only for intended purpose.

1.3. Details of the supplier of the safety data sheet

Supplier Cleanux Chemicals Ltd.,
Markays House,
Gordon Road,
Waltham Abbey.
Herts. EN9 1AF
Tel: +44 (0) 207 854 1234
Email: info@cleanux.co.uk

Contact person For Safety Data Sheet: priyanka@cleanux.co.uk

1.4. Emergency telephone number

National emergency telephone number In case of a medical emergency following exposure to a chemical call NHS Direct in England or Wales 0845 46 47 or NHS 24 in Scotland 08454 24 24 24

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

Classification (EC 1272/2008)

Physical hazards Not Classified

Health hazards Skin Irrit. 2 – H315, Eye Irrit. 2 – H319

Environmental hazards Aquatic Chronic 3 – H412

2.2. Label elements

Symbols

Signal word Danger

SAFETY DATA SHEET

LEMON FLOOR GEL

Hazard statements	H315 Causes skin irritation. H319 Causes serious eye irritation. H412 Harmful to aquatic life with long-lasting effects. EUH208 Contains d-LIMONENE. May produce an allergic reaction.
Precautionary statements	P102 Keep out of reach of children. P15 Restricted to professional users only. P264 Wash contaminated skin thoroughly after handling. P273 Avoid release to the environment. P280 Wear protective gloves/protective clothing/eye protection/face protection. P302+P352 IF ON SKIN: Wash with plenty of water. P310 Immediately call a POISON CENTER/doctor. P332+P313 If skin irritation occurs: Get medical advice/attention. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P301+P330+P331 IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. P501 Dispose of contents/ container in accordance with local regulations
Contains	C12–14 Alkyl Ether Sulfates, Benzenesulfonic acid, C10–13-alkyl derivatives.
Detergent Labelling	< 10% anionic surfactant, < 10% non-ionic surfactant, < 1% perfume, Contains D-Limonene and Terpeneol.

2.3. Other hazards

This product does not contain any substances classified as PBT or vPvB.

SECTION 3: Composition/information on ingredients

3.1. Mixtures

SODIUM LAURYL ETHER SULPHATE CAS Number 68891-38-3 EC Number 500-234-8 REACH Registration Number: 01-2119488639-16-XXXX	1 - 10%
TERPINEOL CAS number: 8000-41-7 EC number: 232-268-1	<1%
D-LIMONENE CAS number: 5989-27-5 EC number: 227-813-5 M factor (Chronic) = 1	<1%

SAFETY DATA SHEET

LEMON FLOOR GEL

COCO DIETHANOLAMINE CAS Number: 68603-42-9 EC Number: 931-329-6 REACH Registration Number: 01-2119490100-53-XXXX	1 - 10%
SODIUM HYDROXIDE CAS number: 1310-73-2 EC number: 215-185-5	<1%

SECTION 4: First aid measures

4.1. Description of first aid measures

Inhalation	If the affected person is exposed, move them to fresh air immediately. Rinse their nose and mouth with water. If any discomfort continues, seek medical attention.
Ingestion	Do not give anything to an unconscious person. Do not induce vomiting. Rinse the mouth thoroughly with water. If discomfort persists, seek medical attention.
Skin contact	Rinse the skin immediately with plenty of water. Remove any contaminated clothing. If irritation continues after rinsing, seek medical attention.
Eye contact	Rinse eyes immediately with plenty of water. Remove any contact lenses, if present, and keep eyelids open. Continue rinsing for at least 15 minutes. If irritation persists, seek medical attention. Provide the Safety Data Sheet to medical personnel.

4.2. Most important symptoms and effects, both acute and delayed

Inhalation	Exposure is unlikely under normal use, but sensitive individuals may experience temporary irritation.
Ingestion	Ingestion is not expected during normal use. If it occurs, symptoms may include nausea and possible irritation of the gastrointestinal tract. A soapy taste may also be noted.
Skin contact	Extended or repeated contact may cause redness, irritation, or Dryness of the skin.
Eye contact	May cause short-term eye irritation.

4.3. Indication of any immediate medical attention and special treatment needed

Notes for the doctor	No specific recommendations, treat symptomatically.
-----------------------------	---

SAFETY DATA SHEET

LEMON FLOOR GEL

SECTION 5: Firefighting measures

5.1. Extinguishing media

Suitable extinguishing media	The product is not flammable. Use alcohol-resistant foam, carbon dioxide, dry powder, or water fog to extinguish the fire.
-------------------------------------	--

5.2. Special hazards arising from the substance or mixture

Hazardous combustion products	When used and stored according to recommended guidelines, the substance does not decompose.
--------------------------------------	---

5.3. Advice for firefighters

Protective actions during firefighting	Prevent water runoff from the fire area, ensuring it does not enter sewers or watercourses.
---	---

Special protective equipment for firefighters	Wear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective clothing.
--	---

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Personal precautions	For personal protection see Section 8. Beware of slippery floors and surfaces in case of spills.
-----------------------------	--

6.2. Environmental precautions

Environmental precautions	Collect and dispose of any spillage as described in Section 13. Do not allow the substance to enter drains, watercourses, or be released onto the ground.
----------------------------------	---

6.3. Methods and material for containment and cleaning up

Methods for cleaning up	If it is safe to do so, stop the leak. Absorb the spill using materials such as vermiculite, dry sand, or earth, and place the absorbent material into containers. Clean the contaminated area by flushing it with plenty of water. Take precautions to prevent the spill or runoff from entering drains, sewers, or watercourses.
--------------------------------	--

6.4. Reference to other sections

Reference to other sections	For personal protection, see Section 8. See Section 11 for additional information on health hazards. For waste disposal, see Section 13.
------------------------------------	--

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Usage precautions	Avoid contact with skin and eyes. Wear the protective clothing outlined in Section 8 of this Safety Data Sheet. Do not mix with other household chemicals.
--------------------------	--

SAFETY DATA SHEET

LEMON FLOOR GEL

Advice on general occupational hygiene

There are no specific hygiene procedures required, but it's important to practice good personal hygiene when handling chemical products.

7.2. Conditions for safe storage, including any incompatibilities

Storage precautions

Store in tightly-closed, original container in a dry, cool and well-ventilated place. Store at temperatures between 5°C and 25°C. Keep out of the reach of children.

7.3. Specific end use(s)

Specific end use(s)

The identified uses for this product are detailed in Section 1.2.

SECTION 8: Exposure Controls/personal protection

8.1. Control parameters

Occupational exposure limits

C12-14-ALKYL ETHER SULFATES (CAS: 68891-38-3)

DNEL

Workers - Inhalation; Long term systemic effects: 175 mg/m³
Workers - Dermal; Long term systemic effects: 2750 mg/kg/day
Consumer - Inhalation; Long term systemic effects: 52 mg/m³
Consumer - Dermal; Long term systemic effects: 1650 mg/kg/day
Consumer - Oral; Long term systemic effects: 15 mg/kg/day

PNEC

- Fresh water; 0.24 mg/l
- Marine water; 0.024 mg/l
- Intermittent release; 0.071 mg/l
- Sediment, Fresh water; 0.917 mg/kg
- Sediment, Marine water; 0.092 mg/kg
- Soil; 7.5 mg/kg
- STP; 10,000 mg/l

LIMONENE (CAS: 5989-27-5)

DNEL

Workers - Inhalation; Long term systemic effects: 66.7 mg/m³
Workers - Dermal; Long term systemic effects: 9.5 mg/kg/day
General population - Inhalation; Long term systemic effects: 16.6 mg/m³
General population -Dermal; Long term systemic effects: 4.8 mg/kg/day
General population - Oral; Long term systemic effects: 4.8 mg/kg/day

PNEC

- Fresh water; 0.014 mg/l
- marine water; 0.00014 mg/l
- STP; 1.8 mg/l
- Sediment (Freshwater); 3.85 mg/kg
- Sediment (Marinewater); 0.385 mg/kg
- Soil; 0.763 mg/kg

SAFETY DATA SHEET

LEMON FLOOR GEL

8.2. Exposure controls

Protective Equipment

Appropriate engineering Controls

Provide adequate ventilation.

Eye/face protection

Wear chemical splash goggles.

Hand protection

Use protective gloves. Chemical-resistant, impervious gloves are recommended.

Other skin and body Protection

Wear appropriate protective clothing to prevent splashes or contamination.

Hygiene measures

Do not eat, drink, or smoke while handling the product.

Respiratory protection

No specific respiratory protection is required under normal conditions of use.

Environmental exposure controls

Keep the container securely closed when not in use. Avoid releasing into the environment.

SECTION 9: Physical and Chemical Properties

9.1. Information on basic physical and chemical properties

Appearance

Viscous liquid.

Colour

Yellow

Odour

Lemon

Odour threshold

Not applicable.

pH

pH (concentrated solution): 8 - 10

Relative density

1.00 - 1.09

Solubility(ies)

Soluble in water.

Explosive under the influence of a flame

Not considered to be explosive.

Comments

Information given is applicable to the product as supplied.

9.2. Other information

Other information

Not relevant.

SAFETY DATA SHEET

LEMON FLOOR GEL

SECTION 10: Stability and reactivity

10.1. Reactivity

Reactivity This product is not known to present any reactivity hazards.

10.2. Chemical stability

Stability The product is considered stable, with no specific concerns under normal handling and storage conditions.

10.3. Possibility of hazardous reactions

Possibility of hazardous reactions No hazardous reactions are expected when used as directed. Refer also to Sections 10.1, 10.4, and 10.5.

10.4. Conditions to avoid

Conditions to avoid Avoid freezing and do not expose the product to excessive heat for extended periods. No other specific conditions are known to create a hazardous situation.

10.5. Incompatible materials

Materials to avoid Strong Acids and Hypochlorite bleach products.

10.6. Hazardous decomposition products

Hazardous decomposition products Does not decompose when used and stored as recommended.

SECTION 11: Toxicological information

11.1. Information on toxicological effects

Toxicological effects Information given is based on data of the components and of similar products.

Other health effects Does not contain any substances known to be carcinogenic.

Acute toxicity - oral Available data indicate that classification criteria are not met.

Notes (oral LD₅₀)

Acute toxicity - dermal Available data indicate that classification criteria are not met.

Notes (dermal LD₅₀)

Acute toxicity - inhalation Available data indicate that classification criteria are not met.

Notes (inhalation LC₅₀)

Skin corrosion/irritation

Skin corrosion/irritation Prolonged or repeated contact may cause redness or skin corrosion/irritation.

Serious eye damage/irritation

Serious eye damage/irritation May cause serious eye irritation.

SAFETY DATA SHEET

LEMON FLOOR GEL

Respiratory sensitisation Respiratory sensitisation

The product is not classified as a respiratory sensitiser.

Skin sensitisation Skin sensitisation

Not classified. Based on available data the classification criteria are not met.

Germ cell mutagenicity Genotoxicity - in vitro

The product does not contain any substances known to be mutagenic.

Carcinogenicity Carcinogenicity

The product does not contain any substances known to be carcinogenic.

Reproductive toxicity Reproductive toxicity - fertility

No ingredients are known to be toxic to reproduction or fertility.

Specific target organ toxicity - single exposure

STOT - single exposure

Not classified as causing specific target organ toxicity after a single exposure.

Specific target organ toxicity - repeated exposure

STOT - repeated exposure

Not classified as causing specific target organ toxicity after repeated exposure.

General information

This product is considered to have low toxicity.

Inhalation

No specific health hazards are expected from inhalation under normal use.

Ingestion

May cause mild irritation. Overexposure could result in symptoms such as stomach pain, nausea, vomiting, or diarrhea.

Skin contact

Under normal use, skin irritation is not expected. Repeated or prolonged contact may lead to dryness or cracking of the skin.

Eye contact

May cause temporary irritation to the eyes.

SECTION 12: Ecological Information

Ecotoxicity

There is no available data on the ecotoxicity of this product. It is not considered hazardous to the environment.

12.1. Toxicity

Toxicity

Based on available data, the classification criteria are not met. The product is not considered toxic to fish.

12.2. Persistence and degradability

Persistence and degradability

The surfactants in this product meet the biodegradability criteria specified in the Detergents Regulations (as amended).

12.3. Bioaccumulative potential

Bioaccumulative potential

No data is available regarding bioaccumulation.

SAFETY DATA SHEET

LEMON FLOOR GEL

12.4. Mobility in soil

Mobility The product is water-soluble and may spread through water systems.

12.5. Results of PBT and vPvB assessment

Results of PBT and vPvB assessment This product does not contain any substances that are classified as persistent, bioaccumulative, and toxic (PBT) or very persistent and very bioaccumulative (vPvB).

12.6. Other adverse effects

Other adverse effects No other adverse environmental effects are known.

SECTION 13: Disposal considerations

13.1. Waste treatment methods

General information Waste generation should be minimized or avoided whenever possible.

Disposal methods Ensure the packaging is empty (no residual product when inverted). Wash the packaging thoroughly with plenty of water. The empty packaging should be collected for reuse or recycling. Dispose of waste at an authorized disposal site in compliance with local regulations. Under normal conditions of use, diluted solutions are typically safe to flush into sewers.

SECTION 14: Transport information

General The product is not covered by international regulations on the transport of dangerous goods (IMDG, IATA, ADR/RID).

14.1. UN number Not applicable

14.2. UN proper shipping name Not applicable.

14.3. Transport hazard class(es) No transport warning sign required.

14.4. Packing group Not applicable

14.5. Environmental hazards

Environmentally hazardous substance/marine pollutant No.

14.6. Special precautions for user Not applicable

14.7. Transport in bulk according to Annex II of MARPOL and the IBC Code

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code. Not applicable

SAFETY DATA SHEET

LEMON FLOOR GEL

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

National regulations	The Control of Substances Hazardous to Health Regulations 2002 (SI 2002 No. 2677) (as amended). EH40/2005 Workplace exposure limits.
EU legislation	European Regulation (EC) No 1272/2008 on classification, labelling and packaging of substances and mixtures (as amended) European Regulation (EC) No 1907/2006 - Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) (as amended) European Regulation (EC) No 648/2004 on detergents (as amended) Regulation (EU) No 453/2010 of 20 May 2010 amending Regulation (EC) 1907/2006.
Guidance	COSHH Essentials. ECHA Guidance on the Application of the CLP Criteria. ECHA Guidance on the compilation of safety data sheets.

15.2. Chemical safety assessment

A chemical safety assessment has not been carried out, as it is not applicable to this product, which is a mixture.

SECTION 16: Other information

Abbreviations and acronyms used in the safety data sheet PBT: Persistent, Bioaccumulative and Toxic substance
vPvB: Very Persistent and Very Bioaccumulative.

Revision Date	02/01/2026
Revision Number	2
Supersedes Date	12/01/2021
SDS Number	2100

Hazard statements in full	H226 Flammable liquid and vapour. H302 Harmful if swallowed. H304 May be fatal if swallowed and enters airways. H315 Causes skin irritation. H317 May cause an allergic skin reaction. H318 Causes serious eye damage. H319 Causes serious eye irritation. H410 Very toxic to aquatic life with long lasting effects. H412 Harmful to aquatic life with long lasting effects. EUH208 Contains LIMONENE. May produce an allergic reaction.
