Some voices:

“Having Pia as my Swedish teacher has been a joy! I look forward to my lessons with her every week. She not only teaches the Swedish language, but also share her perspectives on Swedish culture, society, and ways of thinking and being. I truly appreciate and value her teaching and hope our paths will cross again”

H. H.

“Pia was my Swedish teacher my first months in Sweden and I am very glad of this. Her expertise in teaching Swedish to people from different cultural and linguistic backgrounds makes her lessons and way of teaching perfect for someone new to the country and culture. Her enthusiasm when teaching is contagious and you really enjoy learning a new language.

She has a very organic way of approaching her lessons that makes it easy to understand. I heartily recommend her.”

M. L.

“It has been a challenge to focus on extra hours of study after one day’s work. However, I really enjoyed my Swedish learning in Pia’s class. With her expertise, patience and enthusiasm, I never felt bored and instead become more and more confident to use and speak the language. She is also a very positive person to have a conversation with: friendly, caring and supportive. Of course, she is definitely an expert in teaching the language!”

WH.L.

“Pia is a wonderful teacher, she is very gifted at teaching. I thoroughly enjoyed my classes with her!

She is very clear when speaking and patient, entertaining and upbeat, which really fuels a good learning process. I heartily recommend her classes!”
