

**JUBILEUMSBOK
I ANLEDNING
AT KLUBBEN ER 40 ÅR
MED HUNDER FRA
DE SISTE 15 ÅRENE**

FORORD

Det ble laget ei bok ved 25-årsjubileet i 1996 og vi kommer nå med ei bok ved 40-årsjubileet som dekker importerte og fødte hunder i de siste 15 årene. Opplysningene om hundene er levert av eiere og oppdrettere og innrykket i boken står med deres gitte opplysninger. Innskudd i boken har vært vederlagsfritt.

Til forskjell fra de første 25 årene av klubbens historie, har det skjedd en markant økning i antall registrerte cardigan valper i de siste 15 årene. Første cardigan kom til klubben i ca 1978 og o løpet av de første 25 årene ble registrert ca 100 valper. I de siste 15 årene er det kommet til vel 250 stk. Årlige registreringer av pembroke har stort sett ligget på i overkant av 50 stk pr år, men med noe stigning de aller siste årene. For begge rasene er det noe i minste laget for at en skal kunne ha en avelsbase som kunne være tilfredsstillende for å avle på. Heldigvis er oppdretterne flinke til og villige til å hente avelsmateriale fra mange land verden over.

Det er ikke noen garanti for at det ikke eksisterer feil i boken, og ber derfor om overbærende holdning til saken.

Olav Hedne

Kennel All Trade

Oppdrett av Welsh Corgi Cardigan og Border Collie siden 1997

Ingrid og Vena dagen kennel All Trade fikk sin første champion.

I 1994 kjørte vi til Sverige og hentet vår første Cardigan Vena. Hun var den perfekte corgi i våre øyne; en stor personlighet, gjorde det bra i utstillingsringen og ikke minst konkurrerte hun i både spor og lydighet. Hun viste oss at Cardigan det er en "Jack of all trades!"

Kennel All Trade

Oppdrett av Welsh Corgi Cardigan og border collie siden 1997

All Trade Centerfold -
en fin blanding av Nordiske, Engelske og Amerikanske linjer.

Siden 1994 har mye av livet handlet om akkurat Cardigan. Det har blitt mer enn 25 valpekull, champions i mange land og på flere kontinenter. Vi har importert og eksportert hunder til og fra de fleste verdenshjørner, og forhåpentligvis bidratt noe til at rasen opplever den fremgangen den gjør.
