

## Place in Site Master File #13f

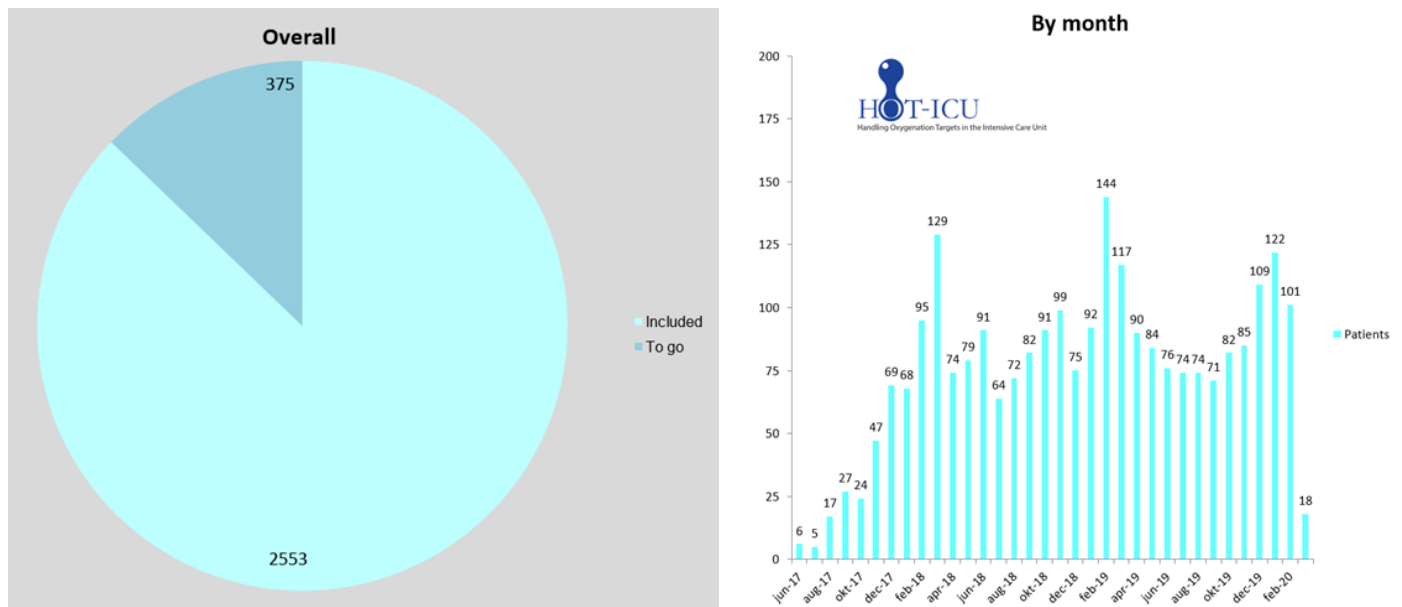

### HOT-ICU newsletter – March 2020

Thank you very much for your steady commitment to the HOT-ICU trial.

#### Status

With 101 inclusions in February this was the third months in a row with 100+ enrolments. A new record and a great effort by all participating sites!

As 2553 of the planned 2928 patients are included we only need 375 to complete the trial. Time for the final push for the finishing line.

Basel recruited patient number 2528 the 27<sup>th</sup> of February marking the remaining 400 patients in the trial. For this effort they will receive an award. Congratulations to the site!

The site that includes patient number 2628 will likewise be rewarded.

We expect to start up Reykjavik, Iceland very soon and are looking forward to their participation.
