

To whom it may concern

The Capital Hospital Pharmacy is a manufacturer and distributor of medicine to hospitals, mainly in the Capital Region in Denmark, but also to Hospital Pharmacies in the other regions in Denmark.

The Capital Hospital Pharmacy is operating in accordance with current Danish legislation and EU GMP-guidelines.

The quality management of the above mentioned is under the responsibility of the head of quality/ the QP.

Hospital Pharmacies are regularly inspected by the Danish Health and Medicines Authority, but licenses are not issued.

The last inspection at production sites including production for clinical trials, was in October 2020.
