

# CRYSTALS FIRST

TURNING INSIGHTS INTO MEDICINES

CrystalsFirst is a biotechnology company with operations in Marburg, Hamburg and Göttingen. CrystalsFirst offers top-notch drug discovery and high-performance structural biology services. Our clients are leading pharmaceutical and biotechnology companies in Europe, USA, and Asia.

We are looking for a motivated and detail-oriented working student to join our protein crystallography team in Hamburg, Germany.

## WORKING STUDENT (M/F/D) IN PROTEIN CRYSTALLOGRAPHY

### YOUR RESPONSIBILITIES

- Assist in the characterization and crystallization of proteins
- Collect diffraction data from protein crystals
- Analyze diffraction data to determine and refine protein structures
- Collaborate with other scientists in the interpretation and analysis of data
- Maintain laboratory equipment and materials

### REQUIREMENTS:

- Pursuing a degree in biochemistry, molecular biology, or a related field
- Familiarity with protein crystallography techniques is an asset
- Ability to work independently and as part of a team
- Strong attention to detail and ability to troubleshoot problems
- Good organizational and time management skills

### OUR OFFER

- A knowledgeable, high-achieving, experienced and fun team
- A diverse work atmosphere
- The chance to be part of a growing startup and the next success story
- The opportunity to shape our company culture
- Constant learning and dynamic challenges to help you grow and be the best version of yourself

If you are a driven individual seeking a rewarding career in biotechnology, please submit your CV for [contact@crystalsfirst.com](mailto:contact@crystalsfirst.com) or apply via LinkedIn.

We look forward to hearing from you!
