

ROLE OUTLINE

Job Level: Senior Landscape Architect

Employment Type: Full-time / Part-Time considered

Location: Wickham, Hampshire

Salary: £35 -£42K per annum

About Us

Deacon Design's holistic approach helps to create landscapes that are based on sound environment science and more importantly, are understood and cherished by the people who live, work, and play in them. We provide a full landscape design service from concept sketch, right through to site implementation and aftercare management.

Our continued success is born from our personal approach and passion for creating design solutions that bring 'Landscape to Life' and help reconnect people with the environment.

Deacon Design recently turned five and we are now looking to drive our ambitions for the next five years and beyond.

The Role

Keen eye for design with a willingness to interrogate client briefs and develop new innovative ideas alongside fellow design team members and consultants.

Confident and friendly client facing individual able to manage several projects, junior team members and liaise with external consultants and clients.

Proven experience in delivering landscape and urban design solutions through a range of media including hand drawing, written reports, 2&3D graphics.

A commercial understanding and ability to deliver projects that are profitable, and ultimately enhance client relationships and our reputation in the market.
