

Dansk Selskab for Klinisk Neurofysiologi

The Danish Society of Clinical Neurophysiology

Annual meeting 2024

November 8th – November 9th

Hotel Haraldskær,

Skibetvej 140, 7100 Vejle, Denmark

Friday 8th of November 2024

09:30 - 10:15	Arrival, coffee and exhibitions
10:15 - 10:20	Welcome <i>Martin Ballegaard, DSKN chairman</i>
10:20 - 12:30	<i>Myositis</i> <i>Chairman: Margrethe B. Bille</i>
10:20 - 11:00	Diagnostics and classification of myositis – from a rheumatological point of view <i>Louise Diederichsen, Department of Back Surgery, Joint and Connective Tissue disease, Rigshospitalet</i>
11:00-11:30	Diagnostics of myositis - from a neurophysiological point of view <i>Christian Krarup, Professor, Department of Clinical Neurophysiology, Rigshospitalet</i>
11:30 - 11:45	Coffee and exhibitions
11:45 - 12:15	MUP analysis and algorithms <i>Miki Nikolic, MSc, Department of Clinical Neurophysiology, Rigshospitalet</i>
12:15 - 12:30	Panel discussion
12:30 - 13:30	Lunch and exhibitions

13:30 – 15:15 **Artificial intelligence in clinical neurophysiology**

Chairman : Alexander Lindberg-Larsen

13:30 - 14:00 AI in PSG
*Poul Jennum , professor , Danish Center for Sleep Disorders and
Department of Clinical Neurophysiology, Rigshospitalet*

14:00 – 14:30 AI in EEG
*Sandor Beniczky, professor, Philadelphia Epilepsy Hospital and
Department of Clinical Neurophysiology, Aarhus University Hospital*

14:30 - 15:00 AI in EEG of the critically ill patients (ICU)
*Michel van Putten, Professor of Clinical Neurophysiology,
University of Twente, Netherlands*

15:00 - 15:15 Panel discussion

15:15 - 15:45 Coffee and exhibitions

15:45 – 17:00 **Current issue in clinical neurophysiology, Denmark**

Chairman: Martin Ballegaard

15:45 - 16:30 Teknik gruppe
*Birger Johnsen, Consultant, Department of Clinical Neurophysiology,
AUH*

16:30 - 16:40 Sundhedspolitisk arbejde
*Martin Ballegaard, DSKN chairman and consultant , Department of
Neurology, Zealand University Hospital, Roskilde*

16:40 - 17:00 Panel discussion

17:00 - 18:00 **General assembly of DSKN**

Separate program

19:00 - Dinner

Saturday 9th of November 2024

09:00 - 10:00	Free communications <i>Chairman: Asger Toke Guld</i>
09:00 - 09:20	Diagnostic value of electromyography of the vastus medialis and iliopsoas muscle in diagnosing myopathy <i>Asger Toke Guld, MD, Department of Clinical Neurophysiology, Rigshospitalet</i>
09:25 - 09:45	The Electrophysiological Progression in Carpal Tunnel Syndrome <i>Lars Ølgaard Bloch, MD, Department of Clinical Neurophysiology, Aarhus University Hospital</i>
09:45 - 10:00	Discussion on future ideas on free communications
10:00 - 10:30	Coffee and exhibitions
10:30 - 12:00	Current issue in clinical neurophysiology, Denmark <i>Chairman: Peter Orm Hansen</i>
10:30 - 10:50	Biomedical Data Infrastructure (BDI) <i>Poul Jennum , professor , Danish Center for Sleep Disorders and Department of Clinical Neurophysiology, Rigshospitalet</i>
10:50 - 11:10	NCSE- national guidelines <i>Thorbjørn Engedal, PhD, Department of Clinical Neurophysiology, AUH</i>
11:10 - 11:30	VEP <i>Martin Ballegaard, DSKN chairman and consultant , Department of Neurology, Zealand University Hospital, Roskilde</i>
11:30 - 11:45	Suggestions and ideas for the next meetings <i>Panel discussions</i>
11:45 - 12:00	Epilogue & closing remarks <i>Chairman of DSKN</i>
12:00 - 13:00	Sandwich and Goodbye
