94-97	80-83	88-90	84 (42 long)
98-103	84-87	88-90	88 (44 long)

How we size our products:

A Chest size

Run the tape measure directly under the armpits, horizontally across the widest part of the chest, and read the chest size.

B Waist size

Run the tape measure around your middle like a belt (as rule, for women the narrowest part, for men just below the bellybutton) and read the waist size.

C Inside leg

Measure from the crotch to the floor, down the inside of the leg.

INCH SIZES

To convert measurements in cm to inches, multiply by 2.54, then refer to the table above.

Example for measurement 33 inch:
33 inch x 2,54 = 83,82 cm

MEN'S SIZES (measured in cm)

Chest size	Waist size	Inside leg	Size
90-93	78-81	80-82,5	46
94-97	82-85	81-83,5	48

114-117	102-105	96-98,5	118

HELMETS (measured in cm)

This is how you measure the right size:

Measure your head size at the widest point, so over the ears. In the table below you can see which helmet size is likely to fit. Please note; this is an indication, the helmet sizes differ per brand. A helmet must fit tightly on the head, but must not press painfully. The inner lining of a helmet will lock in after a short wear time, making a helmet more spacious.

Head size	Helmet size	Helmet size children
48	-	YXS
50	-	YS
52	-	YM
53	-	YL
51-52	XXS	-
53-54	XS	-
55-56	S	-
57-58	M	-
59-60	L	-
61-62	XL	-
63-64	XXL	-

GLOVES (measured in cm)

How do I determine which size gloves suit me?

A guideline is to measure the size of your hands between your thumb and under your fingers. Do this with the hand that you prefer to use, so right-handed people measure their right hand and vice versa. In the table below you can see which size is likely to fit. If in doubt, take a size bigger.

Size	XS	S	M	L	XL	XXL	3XL
Circumference	19-20	20-21	21-22	22-23	24-25	25-26	26-27

Size	4XL	5XL	LXS	LS	LM	LL	LXL
Circumference	27-28	28-29	15,5-17	17-18,5	18,5-20	20-21,5	21,5-23

SIZE TABLE

MEN SIZES

UNISEX sizes		M**	M**	L**	L**/XL	XL	XXL	XXXL	XXXL	4XL	5XL	6XL
INCH sizes***		30"	32"	34"	36"	38"	40"					
Normal sizes	46*	48*	50*	52*	54*	56	58	60	62	64		
Long sizes	94*	94	98	102	106	110	114	118				
Short sizes		24*	25*	26*	27*	28	29	30	31	32	33	34*

WOMEN SIZES

UNISEX sizes	XS	XS	S	S/M**	M**	L**	L**					
INCH sizes***			28"	30"	32"	34"	36"	38"	40"			
Normal sizes	34*	36	38	40	42	44	46*	48*	50*	52*	54*	
Long sizes	68	72	76	80	84	88						
Short sizes			19	20	21	22	23	24*	25*	26*	27*	

Long sizes are a little longer and smaller at the waist and around the chest than normal sizes. Short sizes are a little shorter and wider than normal sizes. * For size 46-54, 24-27 and 34 please note if this is lady or men size. ** Size M and L are suited for men and women, but some sizes (like knee-/elbow height) are more suited for men. *** Depending on the style small differences can appear, when in doubt don't hesitate to try another size to be sure.

DIRECT LAMINATE
**MAXIMUM COMFORT.
 THE BEST PROTECTION
 AGAINST THE WEATHER!**

ONTARIO AEROTEX®

High-quality light motorcycle jacket executed with a waterproof and breathable direct laminate. Maximum comfort with perfect weather protection. The AEROTEX® membrane is firmly connected to the wear-resistant outer material. The special advantage: moisture and rain do not penetrate the surface of the outer material, so that no annoying water bags form. The ONTARIO stays lighter and dries much faster so that it is dry again for the next trip!

Prod.no.: 102023 Sizes: M-5XL
 Colors: 00 black, 02 black/grey/red, 03 black/neon yellow

Membrane: AEROTEX® direct laminate

Material: outside: 100% polyamide; net lining: 100% polyester; thermal lining: 100% polyester; membrane: 100% polyester (AEROTEX®)

Prod.no. 118063

SAS-TEC SC-1/07, 2/07, 1/78 HIPPROTECTOR

3D Protector from visco elastic soft foam.

SC-1/07
Safety: Level 1
Weight: ca. 45g/item
Dimensions (L/W/H):
ca. 200/140/10 mm
Prod.no 118053

SC-2/07
Safety: Level 2
Weight: ca. 65g/item
Dimensions (L/W/H):
ca. 210/150/16 mm
Prod.no 118056

SC-1/78
Safety: Level 1
Weight: ca. 65g/item
Dimensions (L/W/H):
ca. 150/130/10 mm
Prod.no 118061

SAS-TEC SC-1/42 PROTECTOR

3D Protector from visco elastic soft foam.

Protection areas: shoulder / elbow / knee
Safety: Level 2
Weight: ca. 73g/item
Dimensions (L/W/H):
ca. 250/180/13 mm
Prod.no 118052

SC-1/42 Prestige
Thicker version with even better performance. Residual force under 8,5 kN.
Weight: ca. 90g/item
Dimensions (L/W/H): ca. 250/180/18 mm
Prod.no. 118062

SAS-TEC SC-1/01 PROTECTOR

3D Protector from visco elastic soft foam. Optimal for breathable textile clothing due to the ventilation openings.

Protection area: shoulder
Safety: Level 2
Weight: ca. 55g/item
Dimensions (L/W/H):
ca. 200/160/11 mm

Prod.no. 118050

SAS-TEC SC-1/02 PROTECTOR

3D Protector from visco elastic soft foam. Optimal for breathable textile clothing due to the ventilation openings.

Protection areas: shoulder / elbow / knee
Safety: Level 2
Weight: ca. 72g/item
Dimensions (L/W/H):
ca. 250/160/11 mm

Prod.no. 118051

SAS-TEC SCL-1 PROTECTOR

3D Protector from visco elastic soft foam. Due to its flat design the protector is very comfortable to wear and perfectly suitable for tight-fitting clothes.

Protection areas: shoulder / elbow / knee

Safety: Level 2

Weight: ca. 69g/item

Dimensions (L/W/H):
ca. 240/150/11 mm

Prod.no. 118057

SAS-TEC SCL-2 PROTECTOR

3D Protector from visco elastic soft foam. Due to its flat design the protector is very comfortable to wear and perfectly suitable for tight-fitting clothes.

Protection areas: shoulder / elbow / knee

Safety: Level 2

Weight: ca. 59g/item

Dimensions (L/W/H):
ca. 200/150/11 mm

Prod.no. 118058

HILON YF-B28 PROTECTOR

Thin and comfortable protector from „YF HILON TECH“ foam material.

Protection areas: shoulder / elbow / knee

Safety: Level 1

Weight: ca. 75g/item

Dimensions (L/W/H):
ca. 204/154/9 mm

Prod.no. 118030

HILON YF-B29 PROTECTOR

Thin and comfortable protector from „YF HILON TECH“ foam material.

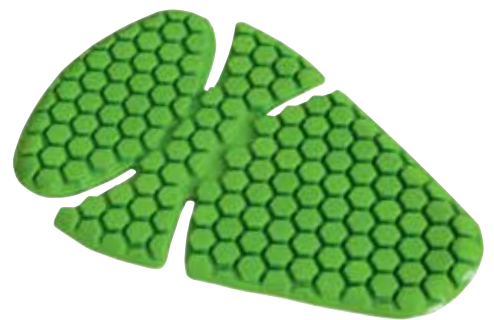

Protection areas: shoulder / elbow / knee

Safety: Level 1

Weight: ca. 75g/item

Dimensions (L/W/H):
ca. 225/129/9 mm

Prod.no. 118031

BEETLE YF-B20 PROTECTOR

Thin and comfortable protector from „YF HILON TECH“ foam material.

Protection areas: shoulder / elbow / knee

Safety: Level 1

Weight: ca. 75g/item

Dimensions (L/W/H):
