Please send the application form with a short description of the project, CV and portfolio to
contact@el-laboratorio.info

ABOUT SACROMONTE AIR

We offer 14 days residency including accommodation and materials, for artists to develop their own artistic projects in the beautiful area of Sacromonte. El Laboratorio is situated inside a cave and has a fully equipped darkroom and studio. The residency is arranged as an exchange, where the artist is expected to give a talk, a presentation, exhibition, workshop or demonstration and to share some knowledge with us.

The stay is free and basic accommodation and materials are provided. Travel costs are covered by the artist. We are happy to help out with local information and to get in touch with the area.

Please send the application form with a short description of the project, CV and portfolio to
contact@el-laboratorio.info
