## Emcomp facelift - A new logotype

We have earlier informed about the merging of Pulsteknik into Emcomp International AB. As a part of this, we have designed a new logotype where you will recognise both companies. The common denominators is equipment for harsh environment. With harsh environment we mean for example extreme ambient temperatures, dirt, moisture and EX-zones.

## FSG products

FSG - specialiserade på mobil styrning

Berlinbaserade FSG (Fernsteuergeräte) en av de ledande leverantörerna inom industriell mät-, sensor- och automationsteknik. FSG utvecklar och tillverkar högkvalitativa sensorer, sändare, vinkelsystem och användarorienterade systemlösningar för olika industriella behov. FSG utvecklar även mät- och styrteknologiprogram som reglerar och kontrollerar process-sekvenser.

### Call to action

## Cooperation with Thiim

Efficient power supply is crucial for optimised performance!

Thiim relay solutions not only ensure accurate fault detection, but also provide valuable insights into the health condition of the electrical installation.

With seamless integration, Thiim relays enable proactive monitoring, allowing you to take timely and appropriate actions to prevent potential critical or dangerous situations, before they occur.
