

**Energy
Forum for Africa
Conference**

**THEME: INVESTMENT OPPORTUNITIES IN
THE ENERGY SECTOR IN ZAMBIA AND
AFRICA**

- **Mulungushi International
Conference Centre**
- **10 - 12 September 2025**

Officially opened by:
President Hakainde Hichilema

Welcome to the EFFA Conference

Welcome to the Energy Forum for Africa (EFFA), an influential and dynamic platform dedicated to empowering sustainable energy solutions for Africa's future. EFFA brings together industry leaders, policymakers, researchers, and innovators from across the globe to address the energy challenges and opportunities facing the African continent. Africa stands at a critical juncture in its energy journey.

With a rich abundance of natural resources, diverse landscapes, and a growing population, the continent has tremendous potential to harness sustainable energy sources and drive economic growth.

However, it also faces significant Energy access gaps, environmental concerns, and the need to navigate complex policy and regulatory landscapes.

EFFA serves as a catalyst for change, providing a forum for collaboration, knowledge exchange, and innovation. It is a platform where stakeholders can explore sustainable energy solutions, share best practices, and shape the energy agenda for

Africa's future. By leveraging the expertise and experiences of diverse participants, EFFA aims to transform the energy landscape and create a pathway towards a resilient, inclusive, and sustainable energy future.

By leveraging the expertise and experiences of diverse participants, EFFA aims to transform the energy landscape and create a pathway towards a resilient, inclusive, and sustainable energy future.

Through engaging panel discussions, interactive sessions, insightful presentations, and networking opportunities, EFFA fosters dialogue and collaboration among key stakeholders. Participants have the opportunity to delve into critical topics such as renewable energy technologies, energy access.

EFFA embraces the spirit of partnership, recognizing that sustainable energy of governments, businesses, civil society, and the research community. It provides a platform for forging strategic alliances, fostering collaborations, and unlocking synergies to accelerate Africa's energy transition.

Whether you are an industry expert, policymaker, investor, researcher, or enthusiast passionate about sustainable energy. EFFA offers a unique opportunity to learn, engage, and contribute to Africa's energy

Join us at the Energy Forum for Africa (EFA) and be part of this vital movement. Together, let's empower sustainable energy solutions and build a brighter and more prosperous future for Africa.

BE PART OF THE PIONEERS OF ENERGY GENERATION IN ZAMBIA SADC REGION

Who Should Attend?

- Electricity Transmission Companies
- Electricity Distribution Companies
- Energy Corporations
- Independent Electricity Producers
- Industry Regulators
- Mines
- Financial Institutions and Commercial banks
- Engineers
- Energy Economists
- Public Service Institutions
- Water Utilities
- Oil Companies
- Energy Consultancy Companies
- Hydrogen Investors
- Solar Energy Investors
- Co-generation Investors
- Students and Universities
- Service and Solution Providers
- Entrepreneurs
- Media

Who should Exhibit?

- Energy Storage Technology
- Engineering, procurement and construction
- Power plant/ Asset Management
- PV Equipment Providers
- Renewable Integration
- Renewables
- Distributed Generation
- Emissions Control
- Energy Services
- Future Energy Systems
- Generation Technology
- Consultants
- Hydro Power
- Hydrogen Production, Storage or Transport
- Micro grids
- Biomass Application & Equipment suppliers
- Plant Safety
- Transmission & Distribution
- Utility-Scale Solar & Services
- Diesel/Gas Engines
- Waste to Energy

- **Best Exhibition booth wins an award**

Topics of Discussion?

- Investment in Energy in Zambia and Africa
- Financing Models for Energy Projects
- Exploring Capital Markets for Energy Projects
- Cost of service
- Mini Grids
- Policy Frameworks and improvements in the energy sector in Zambia
- Renewable Energy Projects, exploring the potential and challenges of renewable energy projects in Zambia and Africa
- Green Hydrogen as an alternative for power generation
- Wind Energy as a viable case for Green Energy in Africa
- Transmission infrastructure investment
- Smart Grid Technologies
- Innovative solutions for energy access
- Legal aspects of the Power Purchase Agreements
- Development of regional power markets and cross-border electricity trade
- Role of interconnectors in strengthening Africa's energy grid
- Sustainable Mining Practices, exploring the energy transition within the mining sector
- The future of the gas and fossil fuel energies
- Public – Private Partnerships
- Capacity Building
- E-Mobility in Zambia

RENEWABLE ENERGY SPOTLIGHT & WORKSHOPS

Conference **Agenda?**

07:30 Registration & Coffee

09:30 Morning Session/
Breakout Seminars

10:45 Coffee/Tea Break

11:30 Session Continues/
Breakout Seminars

12:30 Lunch Break

14:00 Afternoon Session/
Breakout Seminars/CEO's
Forum

15:30 Coffee/Tea Break

15:45 Session Continues/
Networking Meetings

17:15 Session Ends

Expected Outcomes

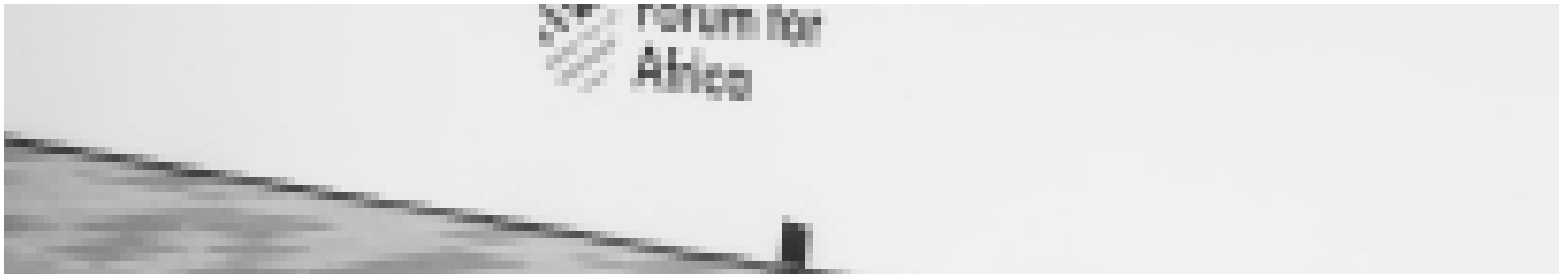

♦ Acquire in-depth knowledge of Africa's energy sector and its unique challenges and opportunities. Gain insights into sustainable energy solutions that can drive Africa's energy transition and contribute to economic growth.

♦ Learn from industry experts, policymakers, and practitioners through interactive sessions, presentations, and panel discussions.

♦ Network with professionals and key stakeholders in the energy sector, opening doors for potential collaborations and partnerships.

♦ Obtain practical strategies and tools to implement sustainable energy projects and contribute to Africa's sustainable development goals.

Organisers

Host Ministries

Ministry Energy

Office for Promoting
Private Power
Investment
(OPPI)

Government & Ministries

Ministry of Green
Economy and
Environment

Ministry of
Commerce,
Trade and Industry

Ministry of
Finance and National
Planning

Ministry of Mines
and Mineral
Development

Ministry of Foreign
Affairs & International
Cooperation

Ministry of Small and
Medium Enterprise
Development

EFFA SPONSORS 2024

Platinum Sponsors

Stanbic Bank

Gold Sponsors

FIRST QUANTUM
MINERALS LTD.

Silver Sponsors

Bronze Sponsors

Session Sponsors

Sponsorship Packages

Platinum Package

- 10 Delegate Passes
- Opening and Closing Speech
- Banners & VIP Branding on selected items
- Welcome Dinner Sponsorship
- Panel Discussion
- 10 Minute Presentation
- Exhibition Stand
- 10 Dinner Seats

Gold Package

- 8 Delegate Passes
- Banners & Branded Items
- Panel Discussion
- 10 Minute Presentation
- Exhibition Stand
- 8 Dinner Seats

Silver Package

- 6 Delegate Passes
- Banners & Branded Items
- Panel Discussion
- Exhibition Stand
- 6 Dinner Seats

Bronze Package

- 4 Delegate Passes
- Logos on Selected Items
- Exhibition Stand
- 4 Dinner seats

Session Package

- 3 Delegate Passes
- Banners in Designated Areas
- Smaller Exhibition Stand
- 3 Dinner Seats

Other Sponsorship Opportunities

- Lunch Sponsors
- CEO's Breakfast
- CEO's Forum
- Women in Energy Breakfast

Delegate Passes

Local Delegate Passes

- VVIP Ticket ZMW 10,000
- VIP Ticket ZMW 6,500

International delegate

- USD 1 000

Exhibition Visitor Badge

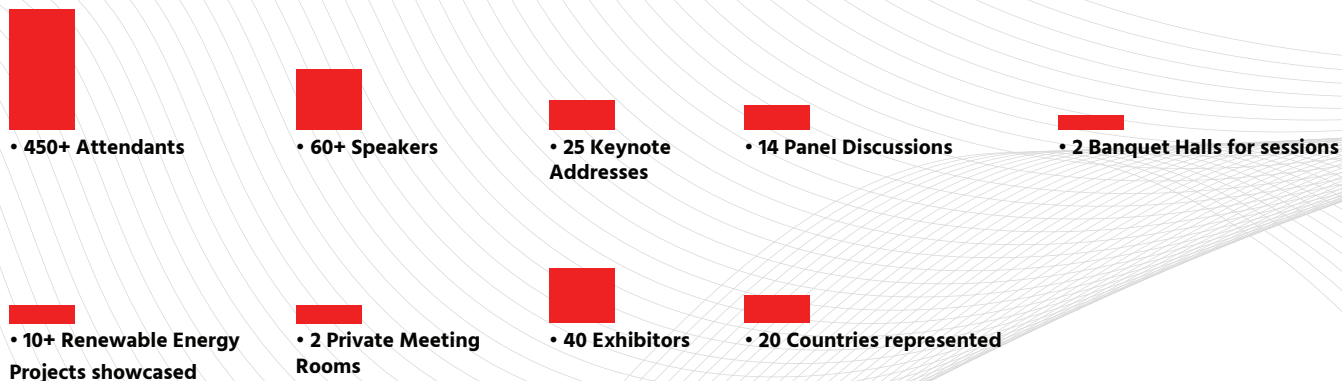

- Free

Reasons to Sponsor

- Brand awareness
- Promote face to face interactions
- Quality Leads
- Networking
- Boosting sales
- Attract potential investors

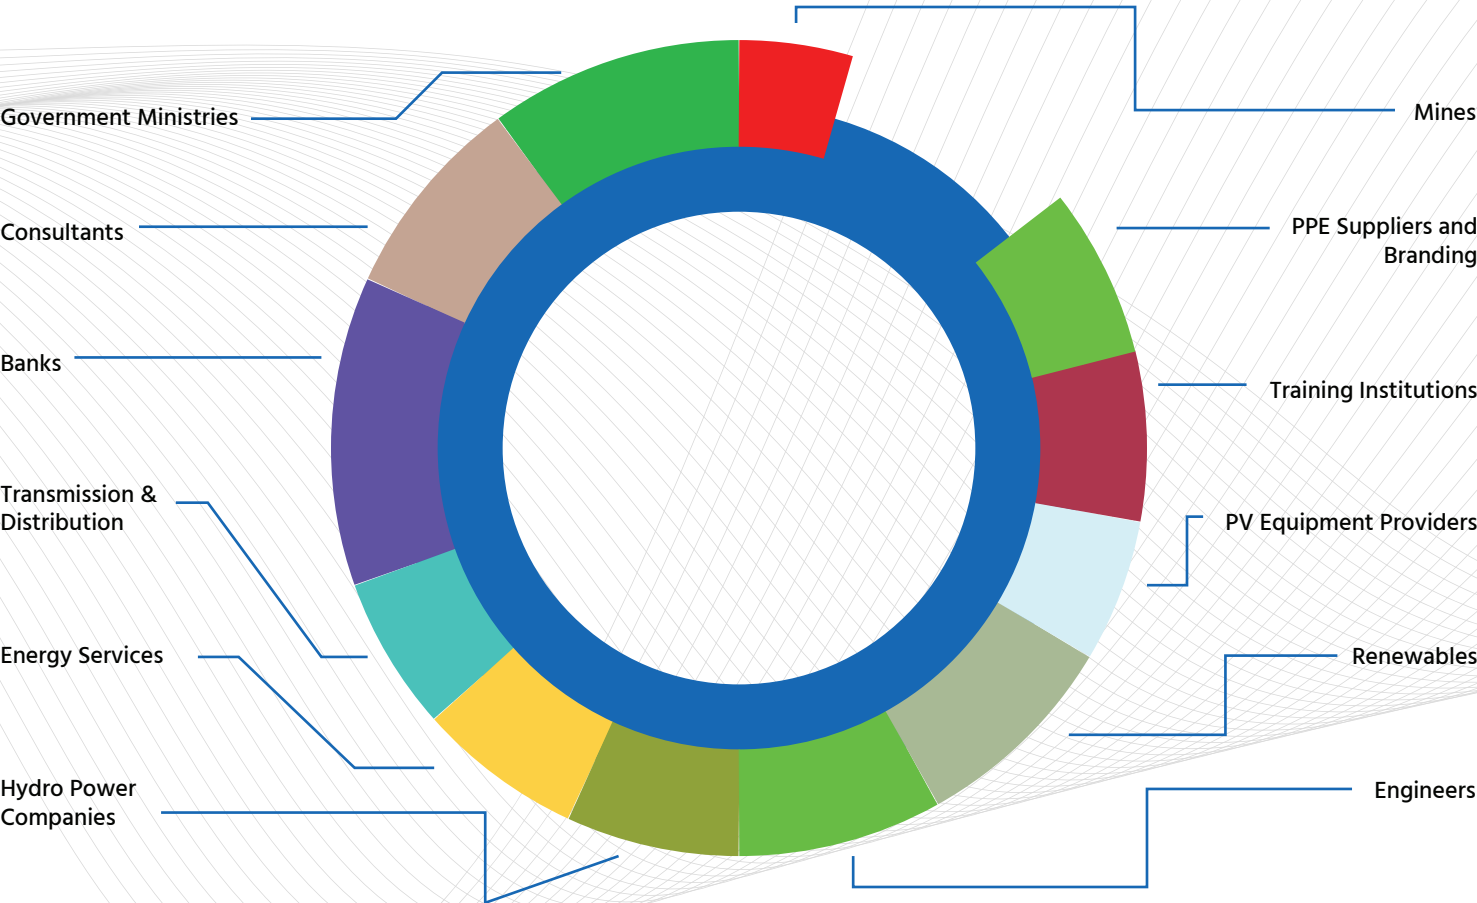

EFFA Overview

EFFA Attendance Profile

EFFA Exhibitors

"The conference covered a wide and important range of subjects with interesting speakers/panelists. Well done!" Peter Vivian Neal

"Hearing from several companies on projects they have embarked on to address power deficit was satisfying and gives hope in addressing the challenge at hand. Organizers for the EFA did a recommendable work in ensuring its success." Richard M.

"The occasion was a success as it brought all key players in one room for three days and deliberations and networks were spectacular. The organizers did a remarkable job of hosting us all. Indeed partnerships will be enhanced." Musenge

"Growing baby teeth, the whole idea is beautiful and my company will keep participating and also try to join the organizing committees," Chipeco

"Event had a lot of interesting discussions and presentations. But there is room for improvement." Anonymous

"Great Conference. Waiting for 2025!" Dean
