

Gründernetzverket

Gründernetzverket

“Innovation Norway is the Norwegian Government's most important instrument for innovation and development of Norwegian enterprises and industry. We support companies in developing their competitive advantage and to enhance innovation. Innovation Norway create value by stimulating to profitable business development throughout Norway. Our programmes and services are intended to create more successful entrepreneurs, more enterprises with capacity for growth and more innovative business clusters.”

Vink 

IS BORN!

So... what is Vink?

Vink is a innovative company that challenges the way people share and connect.

Sharing is Caring

...

Sharing **and** Caring

...

Did you know that around 10 billion business cards are printed each year and 88% of those are thrown away within a week? But what's even more astonishing is the fact that 7.2 million trees are cut down each year to provide the paper for these business cards (credit: theedgemarkets.com).
And 324 litres of water is used to make 1 kg of paper!

AoK Larvik

A Larvik municipality owned business that has a focus on adapted workplaces for developmentally disabled people.

“Those who use our service are involved and contribute in their own way. This provides mastery and appreciation of social roles as well as a fantastic working environment. The result of this is great products, good services and rich and social meeting places for our residents.”
