

26th EVSSAR Congress 2025

ROYAL CANIN SYMPOSIUM

3rd July 2025 / 3:30 pm - 6 pm

Instituto de Ciências Biomédicas Abel Salazar da
Universidade do Porto Rua de Jorge Viterbo Ferreira, 228
Porto, Portugal

The microbiota in the perinatal period: human perspectives and future direction for companion animals

With microbiota emerging as the next major health challenge for companion animals, **this symposium will explore advances in microbiota research during the critical perinatal period.**

A cross-disciplinary exchange will bridge cutting-edge human knowledge with current understanding in dogs and cats, highlighting translational opportunities while acknowledging species-specific characteristics, inspiring innovative approaches in small animal medicine.
