WEDDING DECK
BY FIEN VONK
2026

Love doesn't fit into an 8-minute film,
but we'll try to get close.

INTRODUCTION

After photographing and filming more than sixty weddings, one thing became clear.

I don't believe in weddings as a checklist.
I don't believe in polite handshakes, forced traditions or piano music pretending everything felt magical.

At some point, it started to feel like production work.
And that's when I realised: if I keep doing this, it has to mean something again.

What brought the love back were a few couples who dared to do things differently.
Couples who didn't perform a wedding, but lived it. Where love wasn't staged, but present. Flowing. Loud. Messy. Honest.

That's the kind of weddings I want to film.

I work with a no-bullshit policy. I need to feel a match. Not because the work depends on it, but because trust does. I don't want to enter your world as a stranger. I want to move within it, quietly and respectfully.

My style lives somewhere between documentary and cinematic.
Real moments are captured as they happen.
At the same time, I'm deeply driven by aesthetics, rhythm and image.

I'm allergic to predictable wedding films.
I'm drawn to intensity. To emotion that doesn't ask permission. To love that doesn't follow rules.

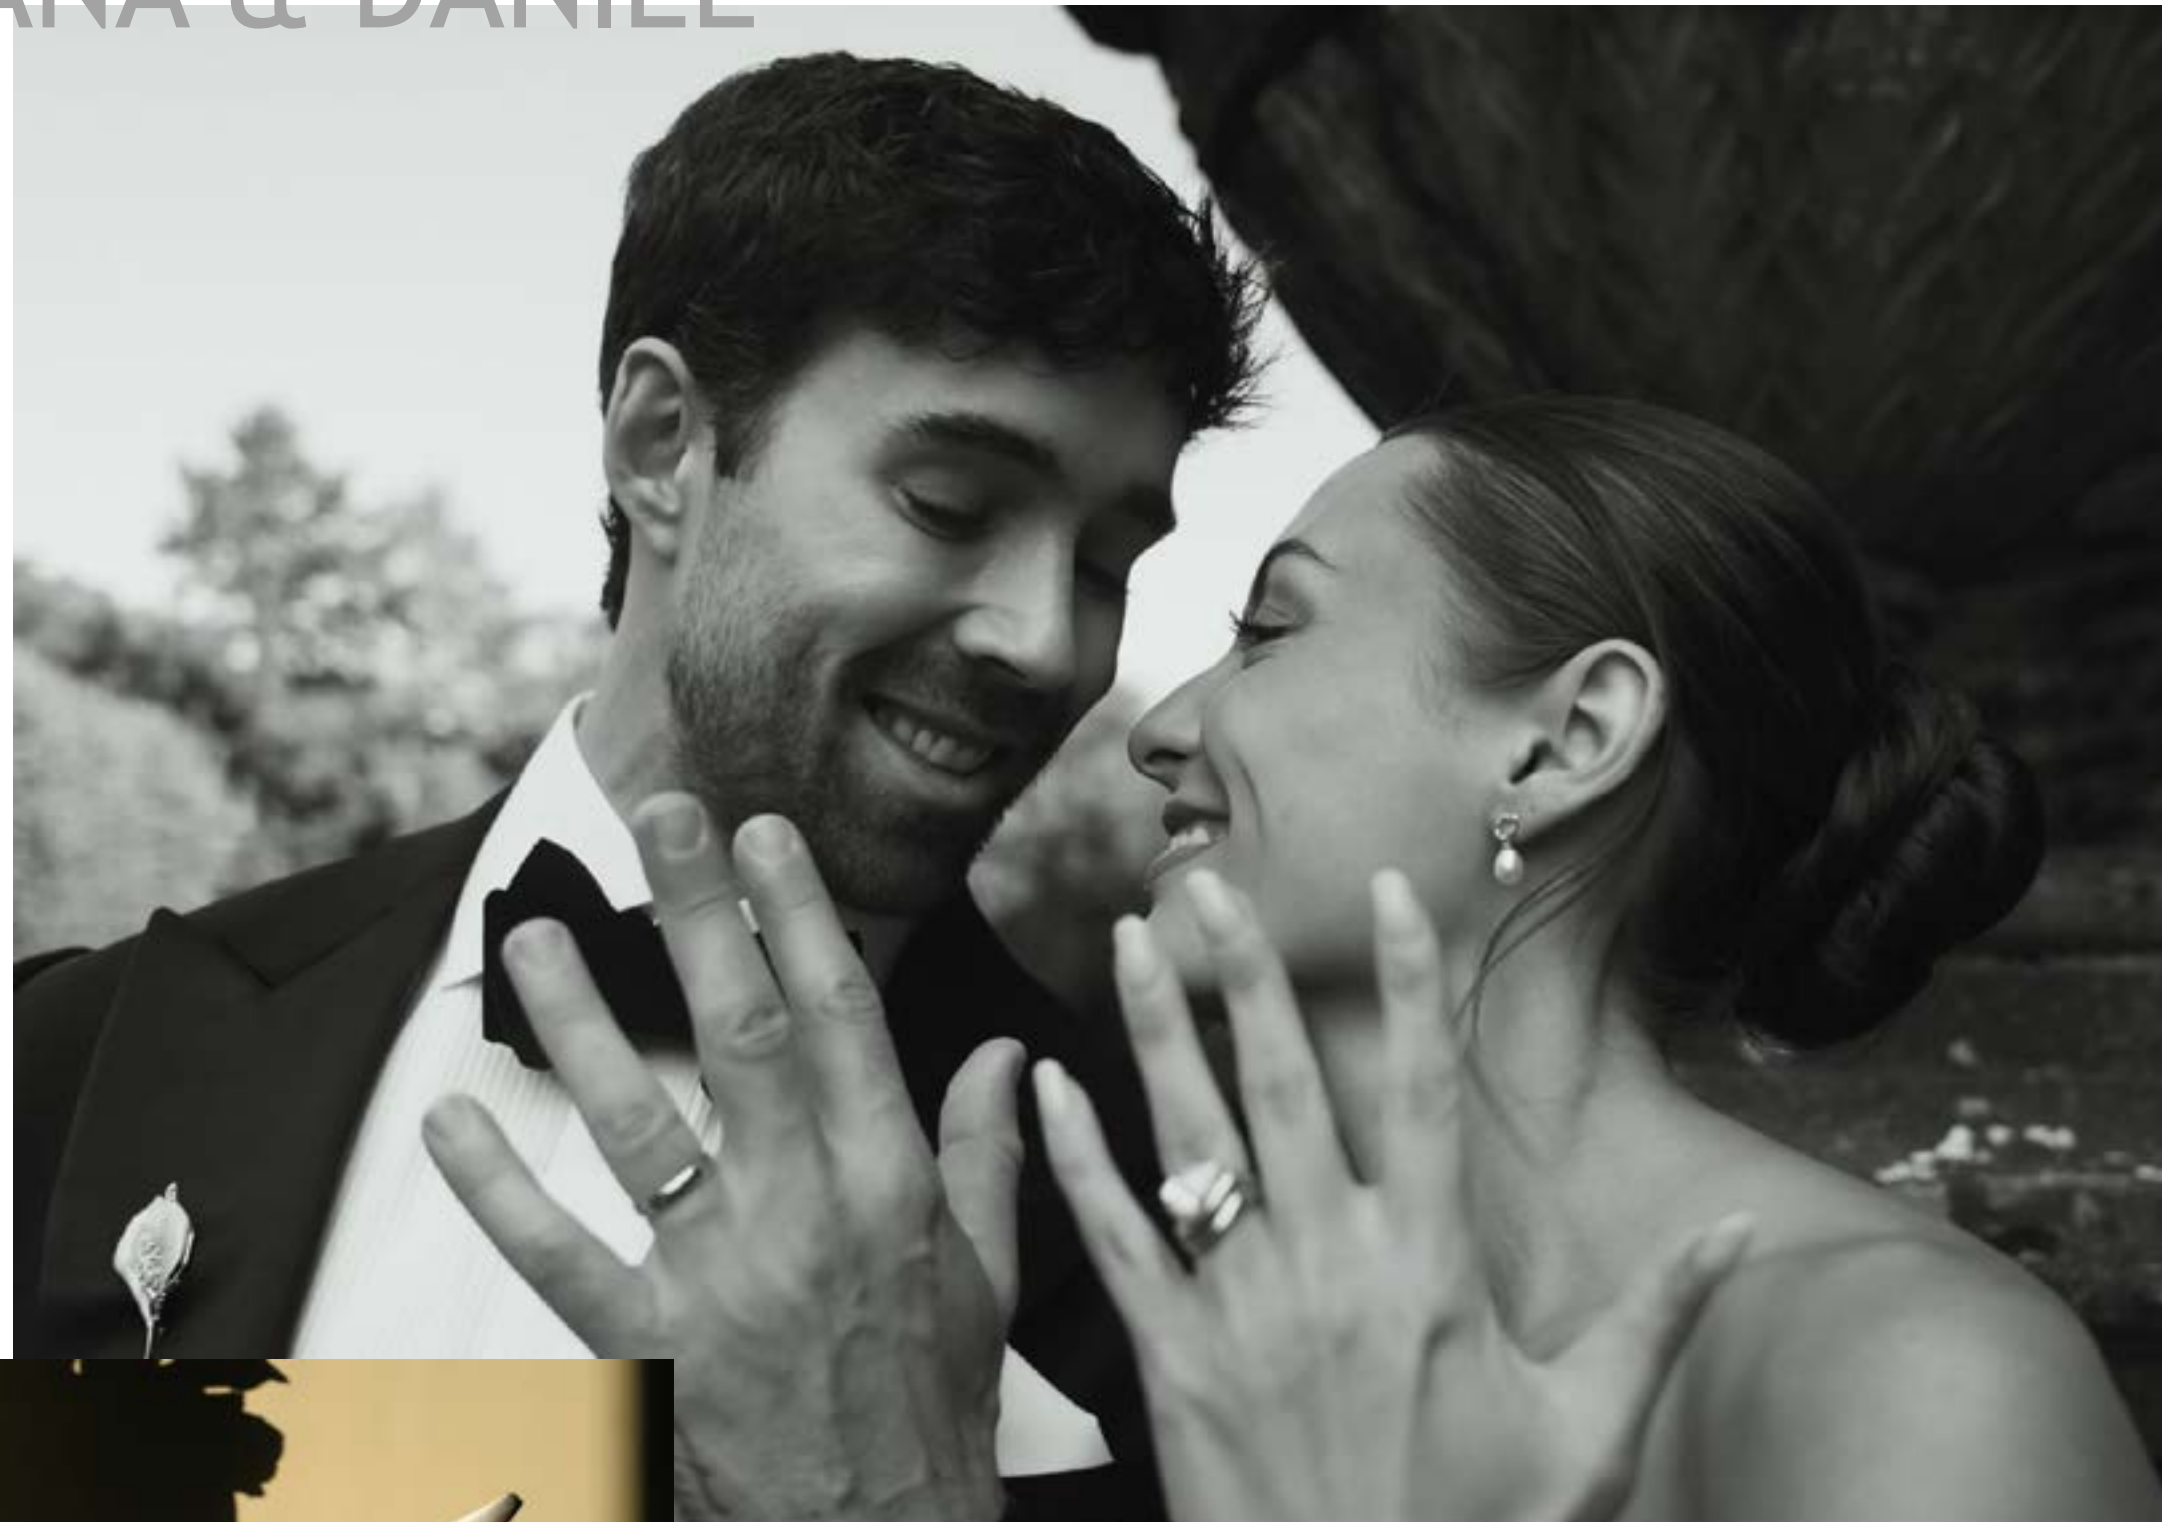

If you're celebrating love because it matters to you, not because it's expected of you, we'll probably understand each other.

FAQ

CAN WE JUST MEET INSTEAD OF READING EVERYTHING?

Absolutely. We prefer a conversation. It's the best way to feel if there's a match. Send us an email with your date, location and a few words about yourselves, and we'll take it from there.

HOW PRESENT ARE YOU ON THE DAY?

We stay close, without being intrusive. We don't interrupt moments or recreate them. Most couples tell us they forget we're there.

HOW LONG DOES DELIVERY TAKE?

A teaser is delivered within 2 weeks. The full wedding film is delivered within 3 months. We take the time the film needs, no rush, no shortcuts.

WHAT IF OUR WEDDING IS SMALL OR NOT 'SPECTACULAR'?

That doesn't matter. Connection does.

WHAT IF SOMETHING UNEXPECTED HAPPENS?

Weddings are unpredictable. We're used to adapting quietly when plans shift, timelines change or moments unfold differently than expected. That's where experience matters most.

DO YOU ALSO OFFER PHOTOGRAPHY?

Yes. We collaborate closely with photographer [Lars Crommelinck](#) or [Chiara Simons](#). We're used to working side by side, which allows the day to flow naturally and ensures photo and film complement each other perfectly.

DO YOU OFFER CUSTOM PACKAGES?

Yes. Not because everything needs to be customized, but because every couple is different. If you have a specific vision, an unconventional timeline, or a wedding that doesn't fit into a standard format, let us know. We'll shape the coverage around the day you're actually living.
