

## How do I get started?

Kindly send an email to Admin@fortbo.nu with a request to get access to our chargers. The administrator will validate your request and notify Verso to grant you access.

Verso will send you a voucher code that you need to type in the “Verso opladning” App, which will enable your access to use the chargers at Fortbo.

The voucher code is sent to your email or as a text message. The code is personal and must not be shared or used by others.

As the charging stations are private, they can only be used by validated Fortbo residents.

## How to get access to Fortbo’s chargers:

To get access to the charger’s you must download and create a profile in the “Verso opladning” App.

1. Download “Verso opladning” App in App store or Google Play shop.
2. When app is installed, create a user account.
3. Add a payment card.
4. Enter your personal voucher code and type of car.

## How to use voucher code

Add your voucher code in the “Verso opladning” App under your profile. Choose Payment and select Voucher, this is where you enter your voucher code.

Note: The code is case sensitive.

## How do I find the Fortbo chargers in my app?

Search for E/F Fortbo in the app. Five (5) charging stations will appear and you can choose which one you want to use. *Tip:* you can add E/F Fortbo, as a favorite.

## How do I use the chargers? (Fortbo has 5 charging stations)

Each charging station is numbered and marked with: DK-HCH, serial number, charge station number. Example: DK-HCH. ECXQSY59-X\*1 The X indicates the charging station number (1-5).

Once your car is plugged in and ready to charge, open your app, select the charging station number you are plugged into and click on ‘Start Charging’.

Another option is to purchase a Verso Charge key (ladebrik) from the Verso website: [Købe Verso ladebrikker](#)

## Cost for charging?

Prices can be found in the app and are updated daily by Verso at 15:00 for the following day.
