

Hi Little DJ! What's with the colourful outfit?

Hi Tucker, Its Grampian Pride today!

I've heard about Pride before, but what is Pride?

That's terrible! I'm glad things are changing. Yes, lots of brave people stood up and fought for the rights the LGBT+ community have today, But there is still more to be done so we have to keep standing up.

Little DJ is full of Pride!

Pride is a day when people come together and celebrate being who they are and who they love.

Wow little DJ that sounds great. Why do people do that?

Little DJ? Can I join in with Pride?

Of course you can! Everyone is welcome at Pride as long as you accept people for who they are and

Just be yourself!

In the past people were not always able to be open about who they were and who they loved. Not so long ago two men or two women who loved each other were not allowed to get married, and even today in some countries people are put in jail just because they are gay.
