Fuel Cell Tech Expo 2023

Exhibitors from industry sectors including:

Hydrogen Fuel Cell Systems • Energy Storage • Transportation • Industrial Applications • Energy Providers • Research & Development • Testing & Safety Specialists • Supply Chain • Distribution and Logistics • Environmental

Professionals attending the event will include:

Hydrogen Cell Development and Energy Systems Storage Engineers • CEOs / COOs / CTOs • Vice Presidents • Heads of Hydrogen Development • Heads of R&D • Government • Heads of Engineering • Chief Engineers of Hybrids • Technical Directors • Logistics Managers • R&D Scientists • Professors • Academics

Reasons to Exhibit

Bringing the sector together

The Fuel Cell Tech Expo will bring together industry professionals, pioneers, academics, business development and government from across the low carbon hydrogen tech industry with over 20 industry presentations and 50 exhibitors

Face to face opportunities

The event provides a unique opportunity to connect with technology and service leaders, discover the latest innovations, learn the latest industry trends, while allowing you to do business and build key relationships.

30,000 industry specialists are told all about you!

Driven by a high-profile, proactive, marketing campaign and media campaign, weekly communications about the event will attract a significant number of visitors and the highest calibre attendees in the industry.

A modern building with a green roof and a blue sky with clouds. The building has a dark facade with large windows and a prominent sign that says "VULVE". The foreground shows a concrete walkway and a large, dense green bush.

How to get involved

We offer several pricing plans, including space, marketing exposure & sponsorship.
