CONCEPT DEVELOPMENT

We will...

Understand your Ideas

Enhance your vision

Develop your concept

Materialise your dream

Global Leisure Group conducts concept design contracts and implementations of market leading leisure attractions.

Our job is to ensure that our customer's projects are profitable and entertaining, whilst ensuring they have the best strategy for our customers return on investment.

After all, the attractions and entertainment business is all about emotions and immersive experiences that must be delivered.

Global Leisure Group - Company Profile

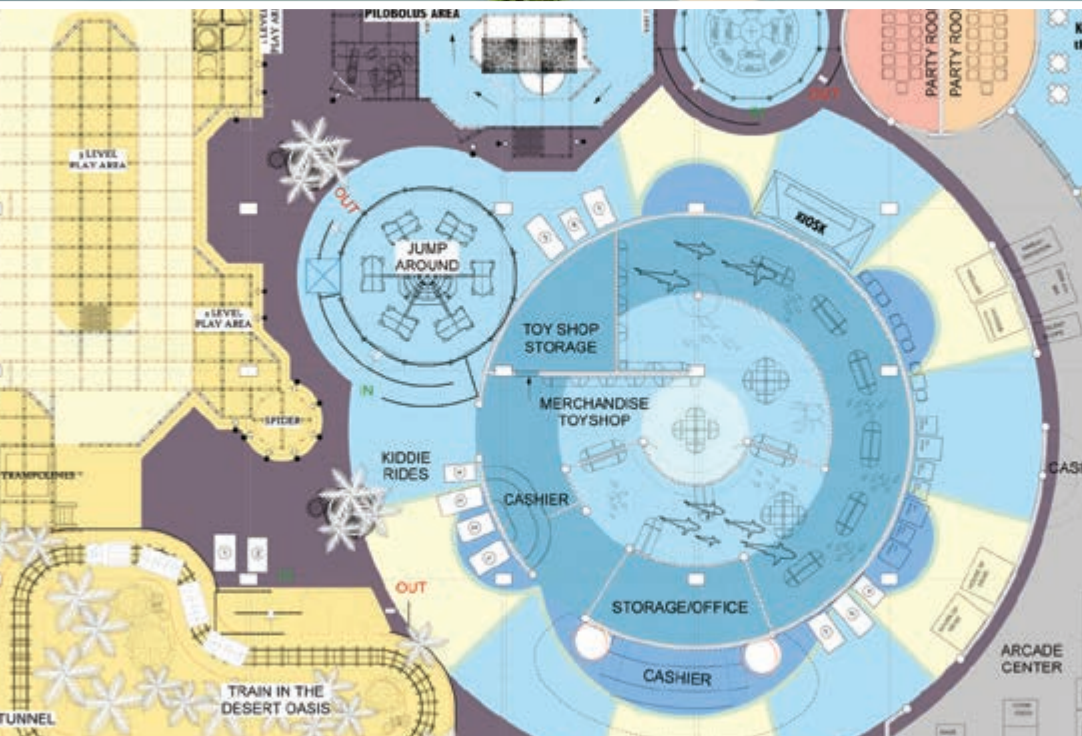

MASTER PLANNING & DESIGN

TAILORED TO SUIT YOU

We believe that an Indoor play space should be welcoming and engaging for both the Children and Adults visiting them.

They should include different activities and concepts so that children can actively explore according to their needs and abilities. It should include space to play alone and space to play in groups. With that in mind we have designed our indoor concepts so the whole family can be engaged..

Build your playground by using one or as many elements from across our concept range. What ever you choose one of our experts can guide you through the whole process.

THEMING & DECORATION

STAND OUT FROM THE CROWD

Theming and Decoration helps to connect an attraction to it's customers, delivering a truly immersive experience. After all Entertainment is all about emotions.

Making the environment work for the attraction with theming can significantly increase dwell time and customer satisfaction. Leaving the customer with a lasting memory of the attraction will help to ensure they return and more importantly talk about their experience !!

FACTORY & PRODUCTION

MADE IN EUROPE JUST FOR YOU!

All of our Materials are designed and manufactured in Europe, that way we can ensure only the highest quality components are used in our installations.

Making a detailed selection in the manufacturing process allows us to control the individual parts to ensure they meet our very exacting standards for quality and durability.

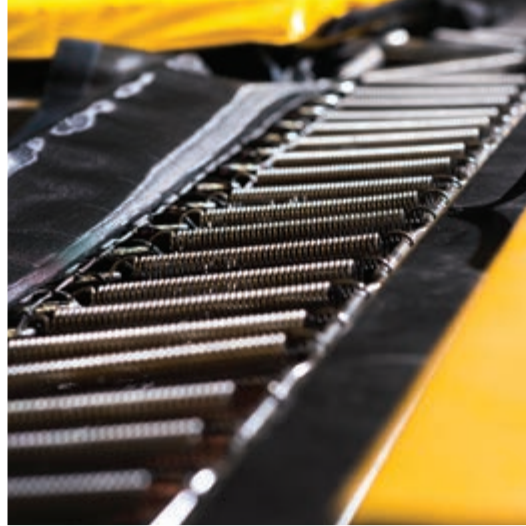

Global Leisure Group - Company Profile

INSTALLATION

BUILT TO PERFECTION

Our professional installation teams work on projects all over the world and on all types of play equipment both indoors and outdoors.

Our team of 300 installation operatives is made up with a wide range of skill sets to allow for the flexible nature of today's highly themed attractions.

Global Leisure Group - Company Profile

SEGMENT EXPERTISE

INDOOR PLAY

We are able to provide all kinds of indoor concepts thanks to our skills into the amusement areas and scenic designs with our leading partners in the construction field.

We believe that an Indoor play space should be welcoming and engaging for both the children and adults visiting them. They should include different activities and concepts so that children can actively explore according to their needs and abilities. It should include space to play alone and space to play in groups.

With that in mind we have designed our indoor concepts so the whole family can be engaged.

SEGMENT **EXPERTISE**

OUTDOOR PLAY

We can develop large scale projects with particular attention to details.

Entertainment parks will never be completely successful if it cannot deliver on emotion to its customers.

SEGMENT EXPERTISE

WATER SPLASH

**Is there anything kids love more than
play and splashing in sprinklers
fountains and pools?**

We do more than build aquatic play features. We work with you to create environments that promote exploration and discovery interactive play.

We provide total turn key projects with products for splash pads, spray parks/sprayground and water play products for pools with our zero depth concept.

SEGMENT EXPERTISE

SNOW PLAY

Our forty years experience in themed adventure play has led us to take a new approach to snow projects.

Our intention is to create themed snow park attractions, where the visitors are drawn into an amazing experience, surrounded by a magical and charming environment.
