# THE ULTIMATE HYDROTHERAPY MACHINE

## HELIX™ JETS: A NEW SPIN ON SPA JETS

The Island Class utilises Artesian's **revolutionary** patented Helix™ jets to provide the best possible hydrotherapy massage available. This can be combined with our unique Neck and Foot Blasters to provide a full head to toe massage. You even have the option of adding **MicroSilk Technology** to your spa, providing the ultimate hydrotherapy experience.

This superior jet, aptly named the Helix™, has been designed to provide a truly remarkable hydro-massage exclusive to Artesian Spas. Engineered from the concept of the double helix, the jets use a right-directional spiral on the inside of the cylinder. This causes water to spiral out in a twisting manner, providing jet pulsation and great massaging pressure. As a complete system, these jets provide the very best in hydro-massage.

### ProHelix™ Jets

Large rotary Helix jets providing a high volume of water to massage large muscles in the body. The jets can be set to provide a large or small sweeping massage that relaxes tense muscles.

### TheraHelix™ Jets

Midsize Helix jets, strategically placed in small groups to massage muscles such as calf, hamstring, deltoids, and triceps. These jets provide a therapeutic massage to areas of the body where you need it most.

### AccuHelix™ Jets

Small directional Helix jets placed in large groupings to massage larger regions of the body. These jets drive into muscles with pin point accuracy in a corkscrew manner giving a powerful massage.

### Neck & Foot Blasters

Extremely powerful large jets with several outlets providing multiple blasts of water to effectively massage the shoulder / neck region and feet.

## SKIN REJUVENATION WITH MICROSILK®.

Use MicroSilk for 20 minutes a day to make you feel better and look younger.

With a push of a button, your Island Spa quickly starts to fill with MicroSilk that blankets your entire body with billions of oxygen-rich micro bubbles, giving your skin a luxuriously silky feeling whilst moisturising and cleansing at the same time. The Micro bubbles are smaller in size than pores on the skin, allowing the bubbles to enter and lift away any impurities, whilst plumping, hydrating and reducing fine lines and wrinkles. Bathing in oxygen-rich water is good for your health, increasing the oxygen levels up to 70%, and improving collagen production.

### MICROSILK BENEFITS:

- Increased Hydration - Increased oxygen results in cellular respiration.
- Enhanced Skin Cell Growth Reducing Fine Lines and Wrinkles - Oxygen improves collagen strength.
- Therapeutic Levels of Anions - Shown to reduce scars & reduce skin irritations as well as providing a relaxing sense of well-being.

Available on most models (see page 12).

AOP produces an ultraviolet light inside a quartz chamber with the optimum wavelength designed to destroy and eliminate bacteria and other micro-organisms.

## SPA FROG IN-LINE SYSTEM

This breakthrough system in water-care can be added to your spa to provide cleaner, clearer and softer spa water that's far easier to maintain. The system automatically dispenses bromine and water conditioner to your spa water. Simply replace the bromine and water conditioning cartridges when required.
