BUILDING

On the 5th floor of Casa Matesanz, an architectural landmark located in Gran Vía Street number 27 in Madrid, Gran Via Hub27 is born.

A space for events where the experience begins at Street level: soaring ceilings from which two stately elevators glide, which its architect, Antonio Palacios, decided to culminate with a majestic staircase that winds its way to upper floors.

CONTENTS

Gran Vía HUB27 is an open space of 300 square meters characterized by its large windows that provide a beautiful panoramic view of the capital, giving a bird's eye view of Gran Vía Street.

A place that perfectly combines the classic with the modern in an environment of subtle elegance.

US

We organize all type of events and corporate actions, adapting the venue to the needs and desires of our client's proposals.

We offer premium advice, including comprehensive support throughout the development and execution of the same.
