MCL6+ *Short Boom*

MCL8

VERSATILITY

- A** Powerful and reliable turbo diesel engine with up to 36 kW which complies with Stage V exhaust emission standards by integrating a particulate filter
- B** Hydrostatic 4-wheel drive transmission with wheel motors (MCL2) or gearbox and transmission shaft (MCL4-MCL6-MCL8)
- C** Articulated and oscillating chassis ensures excellent maneuverability and off-road capability
- D** Working hydraulic system with up to 30 lpm (MCL2-MCL4) or up to 60 lpm (MCL6-MCL8) for best attachment performance support
- E** Two different booms for individual customer needs
 - Long boom with increased dumping height
 - Short boom with increased tipping load
-  Optional MyMecalac telematics to maximise the use of your machines thanks to optimized and accessible machine data, reduced downtimes, and better fleet management

- F** All machines come with a large and comfortable canopy version, a cabin version is as well available
- G** The optional air conditioning is available for MCL6-MCL8 to provide the best thermal comfort
- H** Maximum travelling comfort thanks to articulation joint
- I** Canopy and cabin with flexible four point mountings to reduce vibration and noise for maximum driver comfort and minimum noise level
- J** Extensive range of quick couplers for different attachment systems

EASE OF USE

PERFORMANCE

- K** Easy and safe access from both sides thanks to high visibility and self-cleaning steps and handrails
- L** Cast iron rear counter-weight protection
- M** Low and straight step to enter and leave the machine comfortably and safely
- N** Easy access to all relevant parts for the daily maintenance
- O** 1 LED working light standard on the boom (or optional 2 LED lights). Up to 2 front and 2 rear optional LED working lights on canopy / cabin

SERVICES

PERFORMANCE, PROFITABILITY, LONGEVITY

DISCOVER OUR SERVICES

MECALAC PREMIUM LUBRICANTS

Premium lubricants to get the best out of your machines:

- Extended machine life
- Extended warranty and extended oil change intervals
- All-weather efficiency

MY MECALAC CONNECTED SERVICES

To optimise the use of its machines, MECALAC offers a range of telematics services:

- Remote fleet management
- Access to all machine usage data of the machines
- Limited machine downtime thanks to preventive maintenance

MECALAC GENUINE PARTS

Only genuine MECALAC parts ensure optimum service life and maximum performance:

- Certified genuine parts
- Maintenance kits
- Extended warranty

MECALAC TRAINING

Make full use of the full potential of your Mecalac machines:

- Efficient use
- Individual coaching
- Intensive practice

MECALAC FINANCIAL SOLUTIONS

A complete range of financial products and associated services to meet your specific needs:

- Machine purchase
- Machine rental
- Competitive rates

WARRANTY EXTENSIONS

Our solutions are well-adapted to your needs to maximise the life of your machines:

- Customised contracts
- Peace of mind
- Controlled expenses

The list of services offered may vary depending on your country. Consult your local Mecalac dealer for details.
